

“SOLE SOURCE” PROCUREMENT JUSTIFICATION

Sole source purchases are goods and services available from only one vendor. There may be just one vendor because of patents or copyrights or simply because the vendor is the only one which supplies the good or service. Using Department must provide a written explanation as to why only this particular product/service is acceptable and why no other will be suitable or acceptable to meet the need. A quote must accompany this form.

Department name: Health & Human Services Department

1. Name of product or service: Financial assistance for patients with Cancer, for non-medical needs.
2. Name of product manufacturer: Cancer Aid Resource and Education, Inc. (CARE)
3. Name of “sole” product supplier or service provider: Cancer Aid Resource and Education, Inc. (CARE)
4. Describe in general terms the product/service you are requesting and the intended application.

Doña Ana County Health and Human Services (HHS) would like to purchase services from CARE to provide financial assistance to recently diagnosed patients with cancer who are Doña Ana County residents and qualify for their program. Financial assistance provided will be for non-medical needs, basic living needs, and medical travel.

5. Describe the unique features/capabilities/characteristics that distinguish it from other products/services.

Financial assistance is provided for Doña Ana County residents recently diagnosed with any type of cancer and their family for the patient to concentrate on treatment, healing, recovery, and survival.

6. How did you determine there was only one source for the product or service? Provide information on the research that was performed to locate suppliers for this product(s) or service(s). (Please furnish names, addresses and other documentation).

HHS researched local agencies that provide financial assistance for patients with cancer for non-medical needs. Cancer Aid Resource & Education, Inc. (CARE) was the only service provider that offers this unique service. Other service providers listed are limited to service area or type of cancer patients have. (CARE proposal and New Mexico Cancer Support and Treatment 2023 Directory are Attached)

Cancer Aid Resource & Education, Inc. (CARE) 118 S. Water Street, Las Cruces, New Mexico, 575-649-0598, www.carelascruces.org. A nonprofit organization,

operating as a volunteer group, serves the **people of Las Cruces and Doña Ana County**.

Our CARE Support Program helps eligible patients at the onset of a major cancer diagnosis and provides financial assistance for **non-medical** needs, and basic living needs for a defined period. Financial assistance includes gas cards to get treatment, other transportation needs, groceries, nutritional supplements, self-pay health insurance, utilities, rent or mortgage payments, telephone, etc. If the treatment requires medical travel outside of the county, CARE helps with lodging, airfare, meals, gas cards, parking, etc.

Cancer Foundation for New Mexico P.O. Box 5038 - Plaza Entrada • Santa Fe NM 87502 • Tel: 505-955-7931 Fax: 505-955-7003 Email: barbara@cffnm.org • www.cffnm.org • Facebook: www.facebook.com/cffnm

The Cancer Foundation for New Mexico is a local foundation created for patients with cancer and their families - **funding travel, lodging, groceries & support groups**; services often make a difference in access to treatment and provide trained volunteers offering aid, comfort, and translation services to all. Its mission is to help save lives by providing the needed support to enable every **northern New Mexican** with cancer to access treatment in Santa Fe.

The Gynecological Cancer Awareness Project PO Box 4524 • Albuquerque, NM 87109, Tel: 505-610-9300 Contact: Amy Gundelach Email: info@thegcap.org www.theGCAP.org

The **Gynecological Cancer** Awareness Project is to empower women who are fighting gynecological cancer by providing education and support - helping them to live a healthy and inspired life. Our vision is to lead the progressive transformation of gynecological cancer care and support in New Mexico. We provide gynecological cancer education through classes and a library, as well as, monthly social groups for patients to connect and have peer support. Financial assistance is given to eligible patients in New Mexico, for such **non-medical** expenses as rent, mortgage, childcare, gas, utilities, and transportation. Payments are made directly to a third party.

Gila Regional Cancer Center, Silver City 1313 E 32nd St. • Silver City, NM 88061 • Tel: 575-538-4009 Contact: Ron Green • www.grmc.org

Gila Regional Cancer Center in partnership with UNM Comprehensive Cancer Center is your strongest team to conquer cancer. Whether you have just received a new diagnosis or you are already receiving treatment and want a second opinion, our devoted team is here to help you manage the disease and its side effects with the latest technologies and state-of-the-art treatment options. Patient-centered treatment is important to us, so our services include resource navigation, financial counseling, and financial assistance for the non-medical needs for patients who qualify. We are here to help assist in any way necessary to guide you and your loved ones through your

cancer journey. Our compassionate and friendly staff is dedicated to ensuring that each patient receives the highest quality of care.

New Mexico Cancer Center Foundation 4901 Lang NE • Albuquerque, NM 87109
• Tel: 505-828-3791 • Fax: 505-857-8455 Contact: Jess Quiring • Email: jessq@nmohc.com www.nmcancercenterfoundation.org

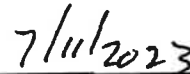

The New Mexico Cancer Center Foundation is dedicated to supporting our **patients' non-medical** needs during their battle against cancer. We establish assistance and educational programs to meet the financial, emotional, and psychological needs of patients. **We grant eligible patients from the two New Mexico Cancer Center Locations: Albuquerque and Gallup,** financial assistance with their **non-medical** expenses such as rent, gas, groceries, utilities, and transportation. We also have free support and education programs that are open to any cancer patient in the community. Please contact us for a list of programs we offer.

7. What product supplier or service provider has your Department used until now to satisfy similar requirements?

Cancer Aid Resource & Education, Inc. (CARE) was the non-medical financial assistance service provider for patients with cancer. HHS contracted with CARE in FY 22 and FY 23 to provide services to residents of Doña Ana County.

PROJECT PROPOSAL

June 28, 2023

Doña Ana County
 Health and Human Services
 845 N. Motel Blvd., Las Cruces, NM 88007

HEALTH-RELATED PUBLIC SERVICES PROPOSAL	
Name of Organization: CARE – Cancer Aid Resource & Education, Inc.	
Address/City/State/Zip: 118 S. Water Street, Las Cruces, NM 88001	
Phone: 575-649-0598	Fax: N/A
Primary Contact Information:	Alternative Contact Information:
Project Manager: Yolanda "Yoli" R. Diaz	Alternative Contact: Nancy Sipes
Title: President	Title: Grant Writer
Phone: 575-649-0598	Phone: 858-449-8004
Email: yolidiaz6@msn.com/yoli@carelascruces.org	Email: nancyjsipes@gmail.com
Fax: N/A	Fax: N/A
PROJECT NAME: CARE Support Program	
AMOUNT REQUESTED: \$25,000 – Term July 1, 2023 to June 31, 2024	
NEEDS STATEMENT: Considering Doña Ana County's high cancer mortality rate, proximity to the US-Mexico border, its large Hispanic population, lower income levels and higher poverty rate, it is crucial to address the need to reduce the cancer health disparities in Doña Ana County.	
PROJECT SUMMARY:	
<p>CARE – Cancer Aid Resource & Education, Inc. serves the people of Las Cruces and Doña Ana County. CARE offers "hands on" support for the individual and family dealing right here, right now with the reality of cancer. CARE's CARE Support Program helps with financial assistance for non-medical needs, basic living needs. Financial assistance includes: gas cards to get to treatment, other transportation needs, groceries and nutritional supplements, self pay health insurance, utilities, rent or mortgage payments, telephone, etc. If treatment requires medical travel outside of the county, CARE helps with lodging, airfare, meals, gas cards, parking, etc. Assistance is provided so that local cancer patients can concentrate on treatment, healing, recovery and survival. If our assisted cancer patient dies from cancer and they have no life insurance or enough funds, we will assist with cremation.</p>	
OBJECTIVES OF THE PROJECT:	
<p>Cancer brings devastation to individuals and families, yet the suffering goes far beyond diagnosis and treatment. For low and middle income families, cancer can result in a financial burden so profound that the National Cancer Institute has coined the term "financial toxicity" to describe the financial crisis of a cancer diagnosis. This financial burden doesn't just create high rates of emotional distress; it also negatively affects patient outcomes and quality of life for the whole family. CARE is about helping the people of Doña Ana County <u>today</u>, local people recently diagnosed with any type of cancer and in treatment to cure, shrink or stop the progression of their cancer. CARE created the CARE Support Program to help on the onset of a major cancer diagnosis and provide financial assistance for a defined period. Currently, CARE's client base is ~60-65% of Doña Ana County residents. CARE will assist recently diagnosed eligible cancer patients residing in Doña Ana County with a maximum financial assistance cap amount of \$2,500 per patient, with the option of additional assistance provided for extreme hardship circumstances on a case by case basis. Cancer patients will be served month per month as needed. Doña Ana County funds of \$25,000 will be disbursed as follows: CARE will financially assist cancer patients who are residents of Doña Ana County and in active treatment on an "as needed" basis with the full \$25,000 requested. Up to 10+ patients per month can be served throughout the year. Most patients will complete the program when cap is reached for approved expenses. New patients may enter the program at any time. CARE can provide monthly accounting and data of county patients served with the \$25,000 requested.</p>	

Respectfully Submitted,

 President

RESOURCES FOR NEW MEXICANS
AFFECTED BY CANCER

As of May, 2023

A Project of

Published By

nmcancercouncil.org

ALBUQUERQUE CANCER COALITION

Mission Statement

The ACC is a coalition of cancer support and treatment agencies and organizations uniting together to inform the community of resources and to educate and advocate to meet the needs of cancer patients and their families.

The New Mexico Cancer Support and Treatment Directory is made possible by New Mexico Department of Health through a cooperative agreement with the CDC's National Comprehensive Cancer Program and State of New Mexico General Funds. Many folks from the New Mexico Cancer Council have provided in-kind support in the creation of this resource.

The organizations represented in this directory are solely responsible for their information and services in support of individuals, cancer survivors, and their families.

Organizations listed in this directory were approved by the current ACC membership. To apply for inclusion, please email maggie.vanheuklon@doh.nm.gov

Cancer Support Now (CSN) is an organization created by cancer survivors for cancer survivors and their loved ones to build and sustain an active community of individuals whose lives have been affected by cancer so that no one faces cancer alone. CSN provides free cancer support groups and/or 1-on-1 support for those in all stages of cancer, end of life, and grief. Services are provided by cancer survivors who are seasoned veterans of cancer and who have completed training. We define 'cancer survivors' to include all those diagnosed from the time of diagnosis and for the remainder of their lives, and their family members and close friends.

Support and referral is a phone call away on our helpline, which is answered 7 days a week by a cancer survivor. We offer community navigation and peer support for Spanish-speakers. Spanish-speakers please call 505-785-7266. CSN also offers an Annual Living With and Beyond Cancer Conference, community navigation, smoking cessation, one-time individual caregiver sessions, facilitator training, and more. We do not provide professional advice, consultation, or services.

Casa Esperanza is an affordable home-away-from-home serving out of town patients facing cancer and other serious medical needs and their family members. Casa Esperanza provides the simple, home-like amenities patients and families may find lacking in commercial facilities. Four central kitchens and a spacious community/dining room encourage therapeutic interaction and sharing among families. We provide a Clinical Counseling Program free to residents and a Program to help cancer patients, survivors, and their families access needed health, financial and social services. Casa Esperanza creates a positive atmosphere where emotional support is abundant. Most importantly, families can remain together while facing the challenges of coping with cancer and other serious medical needs. Casa Esperanza houses up to 28 families each night.

The mission of Children's Cancer Fund of New Mexico is to help New Mexico's children with cancer and their families with the day-to-day emotional, financial, and educational needs of living with, and fighting cancer. From the moment a New Mexico child is diagnosed with cancer, the CCFNM is there to help: providing childhood cancer education, prevention, treatment and detection programs (funded by St. Joseph Community Health); assistance for transportation costs to and from the clinic in the form of gas and transportation vouchers; food and grocery vouchers to help parents feed their families during lengthy stays in Albuquerque; emergency financial assistance for basic needs such as rent and utilities; prizes and bravery awards for children to help minimize the trauma of painful procedures such as spinal taps, bone marrow biopsies, chemotherapy treatments and prolonged hospital stays; funeral assistance to families whose child has ended their battle with cancer; and educational scholarships for any child treated for cancer in New Mexico.

- Awareness and Prevention
- Education Material and Seminars
- Patient Advocacy

FORCE is a national non-profit dedicated to improving the lives of individuals and families affected by hereditary breast and ovarian cancer. Our mission includes support, education, advocacy, awareness, and research specific to hereditary breast and ovarian cancer. FORCE was founded on the principle that no one should have to face hereditary breast and ovarian cancer alone. Being part of a family with a history of breast and/or ovarian cancers can be frightening. Learning that one carries a genetic mutation, putting them at much higher risk of developing breast or ovarian cancer or struggling through diagnosis and treatment, can be devastating. FORCE New Mexico exists to provide continuous and gentle support to the high-risk community without judgment. The local FORCE outreach group's primary focus is peer support. Monthly meetings are held the third Sunday of each month at Lovelace Women's Hospital from 2-4 PM in Auditorium B. Our programs serve anyone with a BRCA 1 or 2 mutation or a family history of breast or ovarian cancer.

The goal of The GCAP organization and our community-based navigation service called, The CanDO! Project, is to focus on identifying and eliminating psycho-social barriers to allow ALL people affected by cancer to focus on their medical treatment, leading to improved health outcomes and an overall reduction in cancer-related distress. All GCAP program services are available FREE of charge to all people affected by a gynecological cancer. We also provide gynecological cancer education through classes and a library, monthly social groups for patients to connect and have peer support, lodging in a private townhome, and financial assistance is given to eligible patients in New Mexico, for such non-medical expenses as rent, mortgage, child care, gas, utilities, and transportation (payments are made directly to a third party).

Holland's Rose is an All-Volunteer organization dedicated to easing the financial burdens for people who must travel to Albuquerque for medical care by providing affordable lodging. Guests are provided affordable home-style lodging; private room & bath, fully-equipped kitchen & laundry, local phones & internet. Volunteers strive to meet the needs of people receiving various kinds of medical treatment; we especially embrace cancer patients who are alone. Through our network of volunteers, transportation to medical treatments and appointments can be arranged. Holland's Rose, Inc is founded on the values and principles of a Christ centered community. Guests enjoy all the comforts of home and find emotional support from guests facing similar circumstances. Our all-volunteer staff has first-hand knowledge of what it means to hear "You've got cancer." Volunteers help families find their feet when the ground seems to have fallen out from under them. If there is a need, we organize to meet that need; no person will be left alone. With continued support from Rio Grande Diocese of the Episcopal Church, and the Church of the Holy Cross, Edgewood, New Mexico, cancer patients facing long-term treatment may be eligible for financial assistance for lodging.... We especially embrace cancer patients who may be alone. Please consider Holland's Rose for your donations: Food, Phone/Gas cards, Cash, Vehicles, CFC or United Way giving, your Volunteer Time.

• Awareness & Prevention • Screening and Early Detection
• Education Materials & Seminars • Support Groups/One on One

The mission of the New Mexico Department of Health Comprehensive Cancer Program is to promote the health of New Mexicans through comprehensive cancer prevention and control efforts guided by the goals and objectives of the New Mexico Cancer Plan. The Program collaborates with diverse partners to offer cancer education, information, and resources to the public and healthcare providers. The Program also seeks to promote health equity as it relates to cancer control in diverse and underserved communities. The Comprehensive Cancer Program seeks to reduce the cancer burden in New Mexico by supporting initiatives that span the continuum of cancer including promoting policy, systems, and community-level changes to assist people in making healthy choices to reduce cancer risk, improving the quality of life for people diagnosed with cancer, supporting and implementing evidence-based cancer control activities and fostering collaboration among cancer control organizations.

Paths to Health NM: Tools for Healthier Living is an initiative that includes several prevention and self-management programs. These programs are designed to help adults gain the confidence and skills they need to better manage or prevent chronic health conditions or injuries and have been proven to work and improve quality of life.

One Paths to Health NM offering is Cancer: Thriving and Surviving, a 6-week program for people who are managing cancer or who are in remission. This workshop helps participants through such topics as pain and fatigue management, living with uncertainty, goal-setting and dealing with difficult emotions.

- Support Groups/One on One Support

The Prostate Cancer Support Association of New Mexico is a non-profit led by prostate cancer survivors turned dedicated volunteers. Founded in 1991 with the objective of providing education and support for men and families coping with prostate cancer, our organization provides various support services: one-on-one consultations; bi-monthly support group meetings; a call list of men willing to discuss their treatments/answer questions from others considering the same treatment; a quarterly newsletter; and an online and in-office library with resources specific to prostate cancer. We also conduct educational outreach to bring information to the public about prostate cancer and treatment options. Our office is open Monday through Thursday from 10:00 AM to 2:00 PM and by appointment other times. Calls are answered seven days a week. Our services are free to all.

- Lodging for Patients & Families

Ronald McDonald House Charities of New Mexico provides comfort, care and a home away from home for families with children in medical treatment. Opened in 1982, Ronald McDonald House Charities of New Mexico (RMHC-NM) has had an unchanged, unduplicated mission to provide temporary lodging, comfort and care to families with ill or injured children. The cornerstone program of RMHC-NM is the Ronald McDonald House Lodging Program that serves families of any seriously ill or injured infant or child residing more than 50 miles away who need to receive inpatient or outpatient care from any Albuquerque medical provider for any diagnosis. The Ronald McDonald House provides a warm and nurturing environment by providing 30 comfortable and quiet bedrooms (away from the hospital hustle); wireless computer access through out and a computer library; indoor and outdoor play areas for children; common living areas with toys, TV and movies; kitchen facility full of donated food plus daily home-cooked meals prepared by community and corporate volunteers. RMHC-NM also provides two Ronald McDonald Family Rooms in Albuquerque to provide support inside the hospital. These rooms offer a special place of respite, relaxation and privacy within the walls of the UNM Children's Hospital and Presbyterian Hospital where parents are just steps away from their child's bedside.

The New Mexico Cancer Center (New Mexico Oncology Hematology Consultants) offers multidisciplinary cancer care with a patient centered approach. As an Oncology Medical Home practice with state of the art technologies, clinical trials, integrative medicine and a full service cancer center, we are committed to the best possible outcomes, improving survival, and quality of life for our patients. Our multidisciplinary care includes medical oncology, radiation oncology and therapies, palliative care, integrative medicine, rheumatology, patient navigation, genetics, hematology, and same day acute care visits. Patient centered treatment is important to us, so we offer onsite navigational assistance and patient support programs, many of which are open to the community. From diagnosis and navigation through treatment, and on to the survivorship clinic, our warm and friendly staff, are dedicated to ensuring our patients get the high quality care we would wish for ourselves. Accredited by the American College of Radiology (ACR) and National Committee for Quality Assurance (NCOA).

Presbyterian Cancer Care offers multidisciplinary cancer care at numerous locations. This includes Presbyterian Medical Group Surgical Oncology, Medical Oncology, Hematology, Chemotherapy and other outpatient services at Presbyterian Kaseman Campus, world-class Radiation Oncology at the Presbyterian MD Anderson Radiation Treatment Center also located on the Kaseman Campus, and full service cancer center and inpatient services at Presbyterian Rust Medical Center. Our experienced, dedicated nurses and staff work with our board-certified oncologists and surgeons to provide comprehensive, compassionate and individualized cancer care incorporating the latest research, technology and treatment options. As a certified member of MD Anderson Cancer Network®, a program supported by MD Anderson Cancer Center, our affiliation provides our Presbyterian Medical Group medical oncologists and surgeons with access to a wide range of multidisciplinary care resources. This enhanced collaboration builds upon the success of our over 10 year radiation oncology collaboration with MD Anderson. Note Presbyterian MD Anderson offers traditional external beam as well as High Dose Radiation (HDR), Brachytherapy, and Stereotactic Radiotherapy. Accredited by the Commission on Cancer (CoC), American College of Radiology (ACR), American Society for Radiation Oncology (ASTRO), and the National Accreditation Program for Breast Centers (NAPBC).

The UNM Comprehensive Cancer Center is the Official Cancer Center of New Mexico, the only National Cancer Institute-designated cancer center in the state, and one of just 68 NCI-designated cancer centers nationwide. Recognized for its scientific excellence, contributions to cancer research and delivery of medical advances to patients and their families, the UNM Cancer Center is home to New Mexico's largest team of board-certified oncology physicians and research scientists. They represent every cancer specialty and hail from prestigious institutions such as MD Anderson, Johns Hopkins and the Mayo Clinic. Through its partnerships with Memorial Medical Center in Las Cruces and its collaborative clinical programs in Santa Fe and Farmington, the UNM Cancer Center provides care to the entire state. It also supports several community outreach programs to make cancer screening, diagnosis and treatment available to every New Mexican.

Women with Wings is a teaching non-profit and inspirational content provider that bridges the gap between the clinical side of medicine, health and wellness, and whole person care. While our roots are in cancer and chronic pain, our mission and role over the last 15 years has expanded to include behavioral and mental health, wellness centers, and retreats. IN-person and virtual services are available statewide. Our inspirational programs, products, and services use all forms of art, including meditation and visualization, music, hypnotherapy, the color and motion of art, and creative writing to help people heal emotionally, spiritually, and physically. Discovering one's creative instincts brings joy, faith, and hope to the healing process.

- Awareness and Prevention
- Education Material and Seminars
- Financial Assistance

CARE – Cancer Aid Resource & Education, Inc., operating as a volunteer group, serves the people of Las Cruces and Doña Ana County. Cancer brings devastation to individuals and families, yet the suffering goes far beyond diagnosis and treatment. For low and middle income families, cancer can result in a financial burden so profound that the National Cancer Institute has coined the term "financial toxicity" to describe the financial crisis of a cancer diagnosis. This financial burden doesn't just create high rates of emotional distress; it also negatively affects patient outcomes and quality of life for the whole family. CARE is about helping local people today, local people recently diagnosed with any type of cancer and in treatment to cure, shrink or stop the progression of their cancer. Our CARE Support Program helps eligible patients on the onset of a major cancer diagnosis and provides financial assistance for non-medical needs, basic living needs for a defined period. Financial assistance includes: gas cards to get to treatment, other transportation needs, groceries and nutritional supplements, self pay health insurance, utilities, rent or mortgage payments, telephone, etc. If treatment requires medical travel outside of the county, CARE helps with lodging, airfare, meals, gas cards, parking, etc. Assistance is provided so that local cancer patients can concentrate on treatment, healing, recovery and survival. Financial assistance is paid directly to third parties. Funds are limited and based on eligibility and availability. CARE continues to operate as a "volunteer group" so that funds raised are maximized to help local cancer patients and their families. The majority of CARE's income to support services and financial assistance is generated through fundraising projects and the generosity of the community. Join CARE in September in downtown Las Cruces at Plaza de Las Cruces for our fun signature cancer fundraiser, La Gran Fiesta, celebrating people, food and culture.

New Mexico Cancer Council Overview

The New Mexico Cancer Council is a voluntary collaborative effort of diverse public and private partners working together to foster coordination and collaboration among cancer related organizations to reduce the burden of cancer in New Mexico. To date, the partnership has grown to include over 49 local, regional and national organizations that are actively supporting the vision and mission of the Council. The Council produces the New Mexico Cancer Plan, which serves as a roadmap for cancer control and prevention in our state.

The Cancer Plan describes what cancer looks like in New Mexico, including data on the most prevalent cancers, health inequities, and cancer care issues including prevention, detection, treatment and quality of life. It also contains goals and objectives for reducing the burden of cancer and addressing health inequities based on national objectives and issues unique to our state.

Much of the work of the Council is conducted by workgroups comprised of members of New Mexico's cancer community. Current workgroups include Albuquerque Cancer Coalition, Colorectal Cancer Workgroup, Native American Workgroup, New Mexico Cancer Patient Navigation Network, Quality of Life Workgroup, and Rural Health Equity Workgroup. More information about initiatives of the New Mexico Cancer Council can be found at www.nmcancercouncil.org.

Need Help Accessing Cancer Related Medical Services?
