

“SOLE SOURCE” PROCUREMENT JUSTIFICATION

Sole source purchases are goods and services available from only one vendor. There may be just one vendor because of patents or copyrights or simply because the vendor is the only one which supplies the good or service. Using Department must provide a written explanation as to why only this particular product/service is acceptable and why no other will be suitable or acceptable to meet the need. A quote must accompany this form.

Department name: Health and Human Services

1. Name of product or service: Financial assistance for patients with cancer for non-medical needs
2. Name of product manufacturer: Cancer Aid Resource & Education, Inc. (CARE)
3. Name of “sole” product supplier or service provider: Cancer Aid Resource & Education, Inc. (CARE)
4. Describe in general terms the product/service you are requesting and the intended application.

DAC-HHS would like to purchase services from CARE to provide financial assistance to recently diagnosed patients with cancer who are Doña Ana County residents and qualify for their program. Financial assistance provided will be for non-medical needs, basic living needs, and medical travel.

5. Describe the unique features/capabilities/characteristics that distinguish it from other products/services.

Financial assistance provided for Dona Ana County residents recently diagnosed with any type of cancer and their family in order for patient to concentrate on treatment, healing, recovery, and survival.

6. How did you determine there was only one source for the product or service? Provide information on the research that was performed to locate suppliers for this product(s) or service(s). (Please furnish names, addresses and other documentation).

DAC-HHS researched with local agencies that provide services for patients with cancer.

Anita Salas Memorial Fund 5301 Central NE Ste 800, Albuquerque, NM 87108 (505) 841-5896 provides assistance to women who are residents of **New Mexico** for breast or cervical cancer treatment, or **related bills such as transportation, lodging, or medications for treatment**. They only provide assistance with medical related bills, they do not provide assistance for other living expenses.

Cancer Aid Resource & Education, Inc. (CARE) 118 S. Water Street, Las Cruces, New Mexico, 575-649-0598, www.carelascruces.org. A nonprofit organization, operating as a volunteer group, providing assistance to our **local cancer patients, children and adults, who**

reside in Doña Ana County. Financial assistance is available to local residents recently diagnosed with any type of cancer in active cancer treatment.

Children's Cancer Fund of New Mexico (CCFNM) 112 14th Street SW, Albuquerque, New Mexico 505-243-3618, www.ccfnm.org. Helping **New Mexico's children with cancer and their families** with the day-to-day emotional, **financial**, and educational needs of living with, and fighting cancer. From the moment a New Mexico child is diagnosed with cancer, the CCFNM is there to help: providing childhood cancer education, prevention, treatment and detection programs (funded by St. Joseph Community Health); assistance for transportation costs to and from the clinic in the form of gas and transportation vouchers; food and grocery vouchers to help parents feed their families during lengthy stays in Albuquerque; emergency financial assistance basic needs such as rent and utilities; prizes and bravery awards for children to help minimize the trauma of painful procedures such as spinal taps, bone marrow biopsies, chemotherapy treatments and prolonged hospital stays; funeral assistance to families whose child has ended their battle with cancer; and educational scholarships for any child treated for cancer in New Mexico.

New Mexico Cancer Center Foundation 4901 Lang NE, Albuquerque, New Mexico, 505-828-3791, www.nmcancercenterfoundation.org. Supports patients' non-medical needs during their battle against cancer. We establish assistance and educational programs to meet the **financial**, emotional and psychological needs of patients. We grant eligible patients from the two New Mexico Cancer Center Locations: **Albuquerque and Gallup**, financial assistance with their non-medical expenses such as rent, gas, groceries, utilities and transportation. We also have free support and education programs that are open to any cancer patient in the community.

7. What product supplier or service provider has your Department used until now to satisfy similar requirements?

Not applicable, our department has never purchased financial assistance services for patients with cancer.

Email: yolidiaz6@msn.com/yoli@carelascruces.org	Email: nancyjsipes@gmail.com
Fax: N/A	Fax: N/A
PROJECT NAME: Care and Support Program	
AMOUNT REQUESTED: \$25,000	
NEEDS STATEMENT: Considering Doña Ana County's high cancer mortality rate, proximity to the US-Mexico border, its large Hispanic population, lower income levels and higher poverty rate, it is crucial to address the need to reduce the cancer health disparities in Doña Ana County.	
PROJECT SUMMARY: CARE – Cancer Aid Resource & Education, Inc. serves the people of Las Cruces and Doña Ana County. CARE offers "hands on" support for the individual and family dealing right here, right now with the reality of cancer. CARE's Care and Support Program helps with financial assistance for non-medical needs, basic living needs. Financial assistance includes: gas cards to get to treatment, other transportation needs, groceries and nutritional supplements, utilities, rent or mortgage payments, telephone, etc. If treatment requires medical travel outside of the county, CARE helps with lodging, airfare, meals, gas cards, parking, etc. Assistance is provided so that local cancer patients can concentrate on treatment, healing, recovery and survival.	
OBJECTIVES OF THE PROJECT: Cancer brings devastation to individuals and families, yet the suffering goes far beyond diagnosis and treatment. For low and middle income families, cancer can result in a financial burden so profound that the National Cancer Institute has coined the term "financial toxicity" to describe the financial crisis of a cancer diagnosis. This financial burden doesn't just create high rates of emotional distress; it also negatively affects patient outcomes and quality of life for the whole family. CARE is about helping the people of Doña Ana County <u>today</u> , local people recently diagnosed with any type of cancer and in treatment to cure, shrink or stop the progression of their cancer. CARE created the Care and Support Program to help on the onset of a major cancer diagnosis and provide financial assistance for a defined period. Currently, CARE's client base is 50.32% of Doña Ana County residents. CARE will assist recently diagnosed cancer patients residing in Doña Ana County with a maximum financial assistance cap amount of \$2,500 per patient. Cancer patients will be served month per month as needed up to the cap amount. Doña Ana County funds of \$25,000 will be disbursed as follows: CARE will financially assist cancer patients who are residents of Doña Ana County and in active treatment on an "as needed" basis. Up to 10+ patients per month can be served throughout the year with the cap of \$2,500 per patient. Patient completes the program when cap is reached for approved expenses. New patients may enter the program at any time. CARE can provide monthly accounting and economic status of county patients served with the \$25,000 requested.	

Respectfully Submitted,

The American Cancer Society has programs and services to help people with cancer and their loved ones understand cancer, manage their lives through treatment and recovery, and find the emotional support they need. All of our help is free. Please call anytime – twenty four hours a day, seven days a week at 1-800-ACS-2345. You can also learn more about what we do by visiting us at the following website: www.cancer.org. Assistance includes: The Look Good, Feel Better program, Road to Recovery transportation to treatment, Reach to Recovery program for breast cancer patients, Guest Room Program for free lodging, and a Gift Closet that offers free wigs and supplies for cancer patients. Our American Cancer Society Cancer Resource Centers can be found in Santa Fe, Farmington, Gallup and Alamogordo. All of our Centers connect patients to our programs and provide peer support, encouragement, and information on managing treatment non-medical needs.

Angel Flight South Central

P.O. Box 763760, Dallas, TX 75376

Cancer Support Now (CSN) is an organization created by cancer survivors for cancer survivors and their loved ones to build and sustain an active community of individuals whose lives have been affected by cancer.

CSN provides free cancer support: groups and/or 1-on-1 support for those in all stages of cancer, end of life, and grief. Services are provided by cancer survivors who are seasoned veterans of cancer and who have completed training. We define 'cancer survivors' to include all those diagnosed from the time of diagnosis and for the remainder of their lives, and their family members and close friends. Support and referral is a phone call away on our helpline, which is answered 7 days a week by a cancer survivor. CSN also offers an Annual Living With and Beyond Cancer Conference, community navigation, smoking cessation, one-time individual caregiver sessions, facilitator training, and more. We do not provide professional advice, consultation, or services.

Casa Esperanza

Casa Esperanza is an affordable home-away-from-home serving out of town patients facing cancer and other serious medical needs and their family members. Casa Esperanza provides the simple, home-like amenities patients and families may find lacking in commercial facilities. Four central kitchens and a spacious community dining room encourage therapeutic interaction and sharing among families. We provide a Clinical Counseling Program free to residents and a Program to help cancer patients, survivors, and their families access needed health, financial and social services. Casa Esperanza creates a positive atmosphere where emotional support is abundant. Most importantly, families can remain together while facing the challenges of coping with cancer and other serious medical needs. Casa Esperanza houses up to 28 families each night.

CLIMB® is a program for kids and teens that have a parent, grandparent, or guardian with cancer. CLIMB® is open to community regardless of treatment center, and serves children and teens from 1st Grade – Senior in High School. The program is especially focused on the emotional needs and support of the kids and teens while educating the parents on how to support their kids. Activities include art projects, cancer education, and individual tours of the cancer center and the treatment areas lead by radiation and medical oncology providers, happily answering any questions the kids and teens have. Specially trained facilitators provide this program that is available on Thursday evenings from 6:00-7:30 pm, for six weeks. The program provides dinner for the family each week of the session. CLIMB® is offered several times a year. For information or to register for the next program session, please call. CLIMB® is a registered trademark.

FORCE is a national non-profit dedicated to improving the lives of individuals and families affected by hereditary breast and ovarian cancer. Our mission includes support, education, advocacy, awareness, and research specific to hereditary breast and ovarian cancer. FORCE was founded on the principle that no one should have to face hereditary breast and ovarian cancer alone. Being part of a family with a history of breast and/or ovarian cancers can be frightening. Learning that one carries a genetic mutation, putting them at much higher risk of developing breast or ovarian cancer or struggling through diagnosis and treatment, can be devastating. FORCE New Mexico exists to provide continuous and gentle support to the high-risk community without judgment. The local FORCE outreach group's primary focus is peer support. Monthly meetings are held the third Sunday of each month at Lovelace Women's Hospital from 2-4 PM in Auditorium B. Our programs serve anyone with a BRCA 1 or 2 mutation or a family history of breast or ovarian cancer.

The mission of The Gynecological Cancer Awareness Project is to empower women who are fighting gynecological cancer by providing education and support - helping them to live a healthy and inspired life. Our vision is to lead the progressive transformation of gynecological cancer care and support in New Mexico. We provide gynecological cancer education through classes and a library, as well as, monthly social groups for patients to connect and have peer support. Financial assistance is given to eligible patients in New Mexico, for such non-medical expenses as rent, mortgage, child care, gas, utilities, and transportation. Payments are made directly to a third party.

Holland's Rose Medical Hospitality House

Holland's Rose is an All-Volunteer organization dedicated to easing the financial burdens for people who must travel to Albuquerque for medical care by providing affordable lodging. Guests are provided affordable home-style lodging; private room & bath, fully-equipped kitchen & laundry, local phones & internet. Volunteers strive to meet the needs of people receiving various kinds of medical treatment; we especially embrace cancer patients who are alone. Through our network of volunteers, transportation to medical treatments and appointments can be arranged. Mailing Address PO Box 6754, Alb, NM 87197-6754. Holland's Rose, Inc is founded on the values and principles of a Christ centered community. Guests enjoy all the comforts of home and find emotional support from guests facing similar circumstances. Our all-volunteer staff has first-hand knowledge of what it means to hear "You've got cancer." Volunteers help families find their feet when the ground seems to have fallen out from under them. If there is a need, we organize to meet; that need; no person will be left alone. With continued support from Rio Grande Diocese of the Episcopal Church, and the Church of the Holy Cross, Edgewood, New Mexico, cancer patients facing long-term treatment; may be eligible for financial assistance for lodging.... We especially embrace cancer patients who may be alone. Please consider Holland's Rose for your donations: Food, Phone/Gas cards, Cash, Vehicles, CFC or United Way giving, your Volunteer Time.

- Patient Navigation

The New Mexico Cancer Patient Navigation Network (NMCPNN) is a workgroup of the New Mexico Cancer Council. The NMCPNN seeks to improve cancer outcomes and remove barriers for cancer patients across the cancer continuum. We strive to bring together different types of navigators from various backgrounds from throughout New Mexico to make a positive difference in the lives of cancer patients. The NMCPNN also seeks to provide opportunities for navigators to network, share resources, educate and create navigation standards in New Mexico in an effort to best assist patients experiencing the burden of cancer.

- Awareness & Prevention
- Education Materials & Seminars
- Screening and Early Detection

The BCC Program provides free breast and cervical cancer screening and diagnostic services through healthcare providers across New Mexico. The BCC Program offers breast and cervical cancer screening services as recommended by the United States Preventive Services Task Force (USPSTF).

You may be able to get these services if you: Have a low income, have little or no health insurance AND ARE: A woman (including a transgender woman), a transgender man, a gender non-binary person, or an intersex person, if you qualify, a BCC Program provider can help you get on the Program. What if I need treatment? You may be able to get a special category of Medicaid if you are on the BCC Program. *Additional diagnostic tests are also available if needed. Contact 1-877-852-2585 to get more information about the BCC program.

New Mexico Department of Health Comprehensive Cancer Program

- Hospice/Palliative Care
- Support Groups/One on One Support

The mission of the New Mexico Department of Health Comprehensive Cancer Program is to promote the health of New Mexicans through comprehensive cancer prevention and control efforts guided by the goals and objectives of the New Mexico Cancer Plan. The Program collaborates with diverse partners to offer cancer education, information, and resources to the public and healthcare providers. The Program also seeks to promote health equity as it relates to cancer control in diverse and underserved communities. The Comprehensive Cancer Program seeks to reduce the cancer burden in New Mexico by supporting initiatives that span the continuum of cancer including promoting policy, systems, and community-level changes to assist people in making healthy choices to reduce cancer risk, improving the quality of life for people diagnosed with cancer, supporting and implementing evidence-based cancer control activities and fostering collaboration among cancer control organizations. Additional Services: Partnership Development; Public and Professional Education

- Support Groups/One on One Support

The Prostate Cancer Support Association of New Mexico is a non-profit volunteer group serving New Mexico. We were founded in 1991 with the objective of providing education for men and families on the detection and treatment of prostate cancer. Our organization provides one-on-one support to prostate cancer patients and their families. We also conduct educational outreach to bring information to the public about prostate cancer and its treatments. We offer one-on-one consultations, support group meetings twice a month, a speakers bureau, a "buddies list," a quarterly newsletter, and a library with resources specific to prostate cancer. Our doors are open Monday through Thursday from 10:00 AM to 2:00 PM and by appointment other times. Our services are free to all.

Ronald McDonald House Charities of New Mexico

Twitter: [RMHCofNewMexico](https://twitter.com/RMHCofNewMexico)

- Lodging for Patients & Families

Ronald McDonald House Charities of New Mexico provides comfort, care and a home away from home for families with children in medical treatment. Opened in 1982, Ronald McDonald House Charities of New Mexico (RMHC-NM) has had an unchanged, unduplicated mission to provide temporary lodging, comfort and care to families with ill or injured children. The cornerstone program of RMHC-NM is the Ronald McDonald House Lodging Program that serves families of any seriously ill or injured infant or child residing more than 50 miles away who need to receive inpatient or outpatient care from any Albuquerque medical provider for any diagnosis. The Ronald McDonald House provides a warm and nurturing environment by providing 30 comfortable and quiet bedrooms (away from the hospital hustle); wireless computer access through out and a computer library; indoor and outdoor play areas for children; common living areas with toys, TV and movies; kitchen facility full of donated food plus daily home-cooked meals prepared by community and corporate volunteers. RMHC-NM also provides two Ronald McDonald Family Rooms in Albuquerque to provide support inside the hospital. These rooms offer a special place of respite, relaxation and privacy within the walls of the UNM Children's Hospital and Presbyterian Hospital where parents are just steps away from their child's bedside.

UNM Center for Life

4700 Jefferson St. NE Suite 100 • Albuquerque, NM 87109

The New Mexico Cancer Center (New Mexico Oncology Hematology Consultants) offers multi-disciplinary cancer care with a patient centered approach. As an Oncology Medical Home practice with state of the art technologies, clinical trials, integrative medicine and a full service cancer center, we are committed to the best possible outcomes, improving survival, and quality of life for our patients. Our multidisciplinary care includes medical oncology, radiation oncology and therapies, palliative care, integrative medicine, rheumatology, patient navigation, genetics, hematology, and same day acute care visits. Patient centered treatment is important to us, so we offer onsite navigational assistance and patient support programs, many of which are open to the community. NMCC is host to CLIMB®, a support and education program for children and teens that have a parent or guardian with cancer. Offered several times a year, CLIMB® is open to the community for kids and teens in first grade through senior in high school, regardless of your treatment center home. From diagnosis and navigation through treatment, and on to the survivorship clinic, our warm and friendly staff, are dedicated to ensuring our patients get the high quality care we would wish for ourselves. Accredited by the American College of Radiology (ACR) and National Committee for Quality Assurance (NCQA).

Presbyterian Cancer Care offers multidisciplinary cancer care at numerous locations. This includes Presbyterian Medical Group Surgical Oncology, Medical Oncology, Hematology, Chemotherapy and other outpatient services at Presbyterian Kaseman Campus, world-class Radiation Oncology at the Presbyterian MD Anderson Radiation Treatment Center also located on the Kaseman Campus, and full service cancer center and inpatient services at Presbyterian Rust Medical Center. Our experienced, dedicated nurses and staff work with our board-certified oncologists and surgeons to provide comprehensive, compassionate and individualized cancer care incorporating the latest research, technology and treatment options. As a certified member of MD Anderson Cancer Network®, a program supported by MD Anderson Cancer Center, our affiliation provides our Presbyterian Medical Group medical oncologists and surgeons with access to a wide range of multidisciplinary care resources. This enhanced collaboration builds upon the success of our over 10 year radiation oncology collaboration with MD Anderson. Note Presbyterian MD Anderson offers traditional external beam as well as High Dose Radiation (HDR), Brachytherapy, and Stereotactic Radiotherapy. Accredited by the Commission on Cancer (CoC), American College of Radiology (ACR), American Society for Radiation Oncology (ASTRO), and the National Accreditation Program for Breast Centers (NAPBC).

The UNM Comprehensive Cancer Center is the Official Cancer Center of New Mexico, the only National Cancer Institute-designated cancer center in the state, and one of just 68 NCI-designated cancer centers nationwide. Recognized for its scientific excellence, contributions to cancer research and delivery of medical advances to patients and their families, the UNM Cancer Center is home to New Mexico's largest, team of board-certified oncology physicians and research scientists. They represent every cancer specialty and hail from prestigious institutions such as MD Anderson, Johns Hopkins and the Mayo Clinic. Through its partnerships with Memorial Medical Center in Las Cruces and its collaborative clinical programs in Santa Fe and Farmington, the UNM Cancer Center provides care to the entire state. It also supports several community outreach programs to make cancer screening, diagnosis and treatment available to every New Mexican.

Women's Cancer & Surgical Care strives to maintain a culture of excellence by delivering to our patients the most advanced, timely and compassionate care possible. Our doctors lead in providing oncology and surgical care in a multi-specialty setting. Gynecologic Oncology, Cancer Genetics, Adult Hematology, Oncology, Minimally Invasive Surgery, Chemotherapy Services... All in a Warm, Caring and Supportive Environment. Because our doctor's love providing care to those in need, we provide services in four different locations; we have three locations in New Mexico and one in El Paso, Texas.

Taos Cancer Support Services responds to the needs of people with cancer and their families - needs that go beyond medical treatment. We link people experiencing cancer with trusted local businesses to help ease stress to promote healing. We also provide useful information to link clients with additional statewide resources and services based on their individual requirements.

Services include: house cleaning, personal care, errands, massage, yoga & fitness coaching, acupuncture, health & cancer coaching, grief & loss support, and the Look Good Feel Better program (in partnership with the American Cancer Society).

The MMC Cancer Program is the only program in the Southwest accredited by American College of Surgeons; this assures that the care you receive meets national standards. We have a partnership with the UNM Cancer Center in Albuquerque, the only National Cancer Institute-designated cancer center in the state. All of the physicians are board certified. Our pharmacist is board certified in oncology and all of the registered nurses are certified oncology nurses. We conduct multidisciplinary general tumor boards as well as breast-specific tumor boards. MMC Cancer Program offers compassionate, comprehensive, state-of-the-art care to our cancer patients.

The MMC Cancer Program is the only program in the Southwest accredited by American College of Surgeons; this assures that the care you receive meets national standards. We have a partnership with the UNM Cancer Center in Albuquerque, the only National Cancer Institute-designated cancer center in the state. Memorial Medical Radiation Oncology Cancer Treatment Center is the only program in the Southwest that has been accredited by American College of Radiology (ACR). There are only 10% of facilities that offer Radiation Oncology in the United States that have received this prestigious accreditation. We offer state-of-the-art radiation therapy treatment for all types of cancer which includes Tomotherapy. We conduct multidisciplinary general tumor boards as well as breast specific tumor boards. MMC Cancer Program offers compassionate, comprehensive, state-of-the-art care to our cancer patients.

New Mexico Cancer Council Initiatives 2019

The New Mexico Cancer Council is a voluntary collaborative effort of diverse public and private partners working together to foster coordination and collaboration among cancer related organizations to reduce the burden of cancer in New Mexico. To date, the partnership has grown to include over 40 local, regional and national organizations that are actively supporting the vision and mission of the Council. The Council produces the New Mexico Cancer Plan, which serves as a roadmap for cancer control and prevention in our state.

The Cancer Plan describes what cancer looks like in New Mexico, including data on the most prevalent cancers, health inequities, and cancer care issues including prevention, detection, treatment and palliative care. It also contains goals and objectives for reducing the burden of cancer and addressing health inequities based on national objectives and issues unique to our state.

This year, the New Mexico Cancer Council is focusing its efforts on several priority areas, including increasing access to patient navigation services and palliative care; increasing colorectal cancer screening rates; improving rural health inequities; and promoting the 2018-2023 New Mexico Cancer Plan. More information about initiatives of the New Mexico Cancer Council can be found at www.nmcancercouncil.org.

Need Help Accessing Cancer Related Medical Services?

If you need help getting the coverage you need for cancer prevention or treatment services, the following may be able to help:

New Mexico Health Insurance Exchange
