INDEPENDENT AUDITOR'S REPORT

The Board of County Commissioners State of New Mexico, Doña Ana County Las Cruces, New Mexico Mr. Brian Colón, State Auditor State of New Mexico, Office of the State Auditor Santa Fe, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue fund of Doña Ana County (the County), as of and for the year ended June 30, 2021, and the related notes to the financial statements which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

2500 9th St. NW, Albuquerque, NM 87102

Telephone: 505.883.8788

www.HL-cpas.com

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2021, and the respective changes in financial position and where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

Restatements

As discussed in Note 20 to the financial statements, the 2021 beginning balance of equity has been restated due to the implementation of GASB 84 for fiduciary funds and a change in accounting methodology for the accrued self-funded insurance payroll liability. Our opinion is not modified with respect to these matters.

Other Matters

<u>Required Supplementary Information</u>

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, and the schedules of the County's proportionate share of the net pension and OPEB liabilities and the County's contributions, as listed as "Required Supplementary Information" in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements, that collectively comprise the County's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal

Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, as listed in the table of contents under the Federal Compliance Section, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Other Supplementary Information, as required by 2.2.2 NMAC, as listed in the table of contents, is also presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information was fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2021 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Hinkle + Landers, P.C.

Hinkle & Landers, P.C.

Albuquerque, NM November 30, 2021

Doña Ana County's management discussion and analysis presents an overview of the County's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with Doña Ana County's financial statements, as identified in the table of contents.

FINANCIAL HIGHLIGHTS

- The County completed fiscal year 2021 with \$381,807,598 in total assets; this is roughly a 12% increase in assets when compared to the \$342,035,797 in fiscal year 2020. Total liabilities increased by roughly 35% or \$51,615,546 to \$198,053,618; while total net position increased by roughly 4% or \$7,468,911 to complete the fiscal year at \$216,527,664.
- Net Position for Governmental Activities increased 4% or \$6,751,916 to end the fiscal year at \$181,901,723; while Business-Type Activities increased by 2% or \$716,995 for a fiscal year net position balance of \$34,625,941. Overall revenues increased by 1% to \$160,762,519 and expenditures decreased by roughly 1% to \$154,126,576.
- The County's financial analysis of County Governmental Funds indicates an increase in total assets of \$17,425,366 or 13% to \$148,838,235; total liabilities increased by \$7,375,962 or 34%, while total fund balance increased by \$10,049,404.
- Total bonded debt at June 30, 2021 for the County was \$13,141,000.
- The County has received grant funding to provide additional resources during the pandemic.
 - o Received \$4,439,750 in Coronavirus Aid, Relief and Economic Security (CARES) Act
 - o Received \$9,365,356 U.S. Treasury Emergency Rental Assistance
 - o Received \$2,847,068 U.S. Treasury Emergency Rental Assistance II
 - o Received \$21,190,910 American Rescue Plan Act of 2021

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The *government-wide financial statements* consist of two statements and are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The *Statement of Position* presents information on all the County's assets and liabilities, with the difference between the two reported as net position.

The *Statement of Activities* presents information showing how the County's net position changed during fiscal year 2021. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave).

Both of these financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include General Government, Public Safety, Public Works, Health and Welfare, and Community Development. The business-type activities of the County include Water, Wastewater, and Fleet Funds.

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County adopts an annual appropriated budget for its general, special revenue, debt service and capital projects funds. A budgetary comparison statement has been provided for these funds to demonstrate budgetary compliance.

The basic governmental fund financial statements are identified in the table of contents of this report.

Proprietary Fund

The County maintains two types of proprietary funds. *Enterprise funds* are used to report the same function presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to various Water and Wastewater Utilities, as well as operations. An internal service fund is utilized to charge costs of fleet maintenance to individual funds.

The basic proprietary fund financial statements are identified in the table of contents of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs.

The basic fiduciary fund financial statements are identified in the table of contents of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are identified in the table of contents of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information can be found in this report, as identified in the table of contents.

The combining statements referred to earlier in connection with Nonmajor funds and Nonmajor proprietary funds are presented in the supplementary information section of this report. Combining schedules are identified in the table of contents of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Broad Overview of Finances)

The County implemented the new financial reporting model required by Accounting Standards Board Statement No. 34 in fiscal year ended June 30, 2003. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the County, as a whole.

Doña Ana County Condensed Schedule of Net Position As of June 30, 2021 and 2020

The largest portion of the County's net position reflects its investment in capital assets (i.e., land, land improvements, buildings, equipment, and utility infrastructure); less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although, the County's investment in its capital assets is reported net of related debt, it should be noted that their debt needed to be repaid must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Governmental Activities

Governmental activities increased the County's net position by \$6,751,916 to \$181,901,723.

Business-Type Activities

Net position of business-type activities increased by \$716,995 to \$34,625,941 at June 30, 2021. There were no significant changes to the types of services provided by the County's enterprise funds during fiscal year 2021.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Proprietary funds are business-type funds, which include Water and Wastewater Systems. The County's Internal Service Fund is also included as a proprietary fund; however, it is considered part of governmental activities for the government-wide financial statements.

Total net position of proprietary funds at the end of the year amounted to \$34,625,941.

Other factors concerning the finances of these funds have been addressed in the discussion of the County's business-type activities and capital assets.

Economic Outlook

Southern New Mexico's economy recovery from the pandemic-induced recession stumbled in August 2021. Payrolls contracted sharply after seven consecutive months of growth, and mobility and consumer spending in Doña Ana County lagged behind the rest of southern New Mexico. Monthly trade volumes continue to trend below pre-pandemic levels and were down year over year in July. The monthly rig count rose, and daily oil production in New Mexico reached a new high.

Employment:

- In May 2021, the unemployment rate was 6.7% for the City of Las Cruces, down from 9.9% from May 2020.
- Average monthly number of unemployed individuals in 2021 for the City of Las Cruces was 3,469, lower than the 2019 average of 3,919 by 11.4%.
- Between May 2020 and May 2021, employment in the Leisure and Hospitality industry increased by 35%.
- Unemployment rate in Las Cruces fell from 7.5% in July 2021 to 6.5% in August 2021. New Mexico's unemployment rate fell from 7.6% in July 2021 to 7.2% in August 2021.

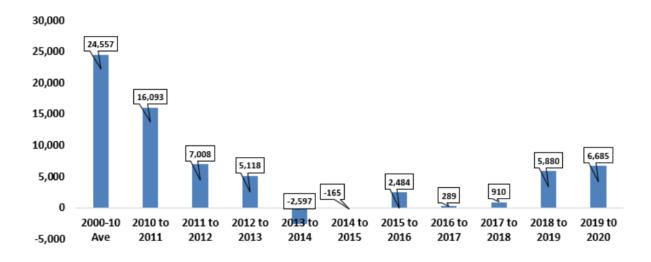

NOTE: Data show seasonally adjusted and annualized percentage employment growth by sector for the Las Cruces metropolitan statistical area. Numbers in parentheses represent share of total nonfarm employment.

SOURCE: Bureau of Labor Statistics; adjustments by the Dallas Fed.

Employment:

- 2020 Census reports indicate a population of 219,561 for Doña Ana, remaining the second largest county in the state
- In 2019, the City of Las Cruces had a relatively high proportion of its population between ages 18 and 24, largely due to New Mexico State University being located within the county.
- Most new move-ins into the County continue to come from outside New Mexico yet from within the United States.

Population Change in New Mexico

STATE OF NEW MEXICO DOÑA ANA COUNTY

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2021

Amount reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds	\$ 9,083,861
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.	
Capital expenditures recorded in capital outlay Capital expenditures recorded in other expense lines	15,201,748 92,227
In the Statement of Activities, a (loss)/gain is recorded for assets that are removed from service that are not fully depreciated. Thus, the change in net position differs from the change in fund balance by the amount of (loss)/gain recorded for deleted capital assets.	
Depreciation expense on capital assets, excluding internal service fleet fund, is reported in the government-wide statement of activities and changes in net position, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditure in governmental funds.	
Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet management to individual funds. The net change of the internal service funds resulting from transactions not recorded with governmental funds.	
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and similar items when debt is first issued, whereas the amounts are deferred and amortized in the statement of activities.	
Amortization of bond premiums Change in accrued interest	27,761 (4,990)
Change in noncurrent and current compensated absences	(205,170)
Principal payments on long-term debt payable from CRRUA Principal payments on long-term debt payable	51,011 1,170,000
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Pension expense OPEB expense	1,235,927 (817,856)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the funds:	
Change in deferred inflows related to property taxes	(44,994)
Change in deferred inflows related to derived tax revenue	1,917,287
Change in contingent liability Change in net position of governmental activities	\$ (56,500) \$ 5,918,948
change in net position of governmental activities	Ψ 3,310,370

STATE OF NEW MEXICO DOÑA ANA COUNTY NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 – ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

The function of Doña Ana County is briefly addressed in the grant of powers provided to all New Mexico counties pursuant to state statute 4-37-1 NMSA 1978. The function is "...to provide for the safety, preserve the health, promote the prosperity, and improve the morals, order, comfort, and convenience of the county or its inhabitants..." The County operates under a Commission form of government rule, which oversees:

- the assessment, collection, and distribution of ad valorem taxes by an elected assessor and treasurer;
- law enforcement by an elected sheriff;
- recording and filing by an elected county clerk and elected probate judge;
- fire protection by volunteer fire departments;
- road maintenance by an appointed road superintendent;
- purchasing by an appointed purchasing agent;
- indigent hospital care by an appointed indigent coordinator;
- administrative services by an appointed county manager, and
- planning, health, welfare, recreation, and cultural affairs by appointed citizen advisory boards.

The financial statements of the County have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The County's most significant accounting policies are described below.

A. Reporting Entity

The financial statements of the County encompass the activities of the County Commission, County Clerk, Tax Assessor, County Treasurer, Sheriff, and Probate Judge. The commission activity includes the function of the County Manager's office, the County Road Superintendent, the County Purchasing Agent, the Indigent Claims Coordinator, and the volunteer fire districts throughout the county.

In evaluating how to define the County, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, as amended by GASB Statements No. 39, No. 61, No. 80, and No. 90 as well as other applicable GASB Statements. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority,

the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, there were no component units identified as needing to be disclosed or presented as part of the reporting entity.

B. Basis of Presentation

Government-Wide Statements – The Statement of Net Position and the Statement of Activities display information about the government (the County). These statements include the financial activities of the overall government, except for fiduciary activities. The statements also distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income.

The following is a description of the governmental funds of the County:

<u>General Fund</u> — General Fund is the general operating fund and, accordingly, it is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> — Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

<u>Debt Service Funds</u> — Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

<u>Capital Projects Funds</u> — Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds).

In addition to the General Fund, the County reports the following major governmental funds:

- <u>Special Revenue Fund</u> *Federal Grants (21135)* accounts for federal reimbursements related to the Community Development.
- <u>Debt Service Fund</u> accounts for the County's accumulation of resources for, and the payment of governmental fund debt principal and interest.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. The following is a description of the proprietary funds of the County:

<u>Enterprise Funds</u> — Enterprise Funds are used to account for operations: (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily

through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The County reports the following major proprietary fund:

• Enterprise Fund – South Central Wastewater (50044) accounts for the activities of the wastewater utility, which provides service to the residents in Vado/Del Cerro, Chamberino, Berino and south-central areas of the County.

Internal Service Fund

To account for fleet maintenance services provided to other departments of the government. Services are provided on a cost reimbursement basis.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The statements of fiduciary activities are presented using the economic resources measurement focus and the accrual basis of accounting. The statement of fiduciary net position reports assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position of custodial funds. The statement of changes in fiduciary net position is used to report additions and deductions from the County's custodial funds. The County has no pension, employee benefit trust funds, investment trust funds, or private-purpose funds.

Recently Issued and Adopted Accounting Pronouncements

In January 2017, the GASB issued Statement No. 84, Fiduciary Activities. GASB 84 establishes criteria for identifying fiduciary activities of all state and local governments. The Statement identifies four types of fiduciary funds that should be reported, as applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria. It also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. This statement is effective for periods beginning after December 15, 2019. The County has activities that meet the criteria for GASB 84; therefore, GASB 84 is applicable to the County.

C. Measurement Focus and Basis of Accounting

Government-Wide, Propriety, and Fiduciary Fund Financial Statements – The government-wide, propriety, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary and fiduciary fund financial statements are

reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenues in the year for which they are billed net of estimated refunds and uncollectible amounts.

Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Revenue from derived taxes (sales taxes, gas taxes, and motor vehicle taxes) is recognized when the underlying transaction takes place (when the retail sale is generated). Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Cash Equivalents

The County pools idle cash from all funds for the purpose of increasing income through investment activities. A "Pooled Cash" concept is used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amount. All amounts included in pooled cash and investments are considered to be cash equivalents for the purposes of the statement of cash flows, except for certificates of deposit or other investments that have original maturities of more than 90 days.

E. Investments

The County's investments are regulated by state law as well as by guidelines and rules promulgated by the State Investment Council and the State Treasurer. All investments are generally highly liquid in nature and are integrated with cash on the financial statements with appropriate disclosure. Investments are stated at fair value, which is determined using selected bases. Certificates of deposit

are reported at carrying amount, which reasonably estimates fair value. Investments in a U.S. Treasury Fund are valued at the last reported sales price at current exchange rates. Additional cash, investment information, and fair values are presented in Note 2.

The County also participates in the State Treasurer Local Government Investment Pool. State law and regulations regulate this pool. Investment in the pool is reported at carrying amount, which reasonably estimates fair value.

F. Receivables and Payables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In the government-wide and governmental fund financial statements, delinquent property taxes are recorded as revenue when levied, net of estimated refunds and uncollectable amounts.

G. Inventories and Prepaid Items

Inventories in governmental funds consist of expendable supplies held for consumption and are valued at cost using a first-in, first-out (FIFO) method. Expendable supplies are accounted for using the consumption method. Proprietary fund inventories are recorded at the lower of cost or market on a first-in, first-out basis, and consist of operating supplies held for use in operations and are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are included as part of the governmental capital assets reported in the government wide statements. Information technology equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5). Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Asset Type	Years
Land improvements	10
Buildings and improvements	10 - 40
Furniture, fixtures, and equipment	3-15
Vehicles	5 - 15
Infrastructure	5-50

I. Unearned Revenue

The County reports unearned revenue on its financial statements. When resources are received in advance of charges for services being earned are in advance of any eligibility requirement other than a time requirement being met for government-mandated or voluntary nonexchange transactions (i.e. for intergovernmental revenues), a liability is reported for the unearned revenue.

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or the balance sheet for governmental funds will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position/fund balance that applies to a future period and so will not be recognized as an expense or expenditure until then.

The County has the following deferred outflows of resources during fiscal year 2021 on the government wide financials:

Deferred Outflows of Resources - Gover	nment-Wi	de
Pension deferrals	\$	27,548,689
OPEB deferrals		9,250,366
Total deferred outflows of resources	\$	36,799,055

In addition to liabilities, the statement of net position and/or the balance sheet for the governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position/fund balance that applied to a future period and so will not be recognized until then. The County has the following deferred inflows of resources during fiscal year 2021 on the fund financials:

Deferred Inflows of Resources - Fund I		
Property tax revenue	\$	3,622,312
Derived tax revenues		6,763,122
Total deferred inflows of resources	\$	10,385,434

The County has the following deferred inflows of resources during fiscal year 2021 on the government wide financials:

Deferred Inflows of Resources - Govern		
Pension deferrals	\$	2,072,673
OPEB deferrals		1,952,698
Total deferred inflows of resources	\$	4,025,371

K. Compensated Absences

Accrued annual leave, sick leave, and compensatory time are the components of accrued compensated absences. An employee may not carry over more than 240 hours of vacation leave into a new calendar year, nor receive payment for more than 288 hours upon separation. Under a human resources policy adopted November 27, 1999, employees retiring under PERA, with a minimum of 15 years of County service, shall be paid for accrued sick leave hours, limited to a maximum of 600 hours, subject to a maximum cash payment of \$15,000. In addition, such employees shall be compensated for any unused sick leave hours accrued as of November 27, 1999, at the employee's pay rate in effect on that date. Compensatory time is accrued in full for non-exempt employees under the Fair Labor Standards Act.

L. Long-term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. For bonds issued after GASB 34 was implemented, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. For fund financial reporting, bond premiums, discounts as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as another financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

M. Net Position

Equity is classified as net position and displayed in three components on the government-wide financial statements as well as the proprietary and fiduciary fund financial statements:

- Net investment in capital assets Net position invested in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted Net Position Consist of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation.

• *Unrestricted Net Position* – All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

N. Governmental Fund Balances

Beginning with fiscal year 2011, the County implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- Nonspendable Amounts not in a spendable form, such as prepaid expenses, inventories, or long-term portion of receivables or property held for resale, if the use of the proceeds from the collection/sale of property held for resale is not otherwise constrained. Nonspendable amounts also include amounts legally or contractually required to remain intact, such as the principal of a permanent fund.
- *Restricted* Amounts constrained to specific purposes that are externally imposed or imposed by law through constitutional provisions or enabling legislation (such as taxpayers, grantors, bondholders, and higher levels of government).
- Committed Amounts constrained to specific purposes by the governmental entity's highest level of decision-making authority (the County Commission). To be reported as committed, amounts cannot be used for any other purpose unless the County Commission takes the same highest-level action to remove or change the constraint.
- Assigned Amounts constrained by the County intends to be used for a specific purpose. Intent can be expressed by the governing body (County Commission) or an official or body to which the governing body delegates authority.
- *Unassigned* –Balances available for any purpose. Positive amounts are reported only in the general fund.

The New Mexico Department of Finance and Administration (DFA) requires that 3/12 of the FY2022 budgeted expenditures in the General Fund be restricted as subsequent-year expenditures to provide adequate cash reserves. Additionally, the DFA imposes a County Road Fund Reserve requirement for the County of 1/12 of the FY2022 total Road Fund budgeted expenditures. The General Fund includes the Road Fund, which has been reserved at 3/12.

The County Commission establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). The County assigns 2021 fund balance for

FY2022 projected budgetary deficit per GASB 54, Par 16. FY2021 and FY2022 budget (estimated revenues and expenditures) have no effect on GASB 54 net fund balance.

See the Schedule of Governmental Fund Balances as listed in the table of contents for additional information about fund balances.

When an expense is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expense is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless County Commission or the finance department has provided otherwise in its commitment or assignment actions.

O. Budgets and Budgetary Accounting

The County adopts budgets for each individual fund (governmental and proprietary). In late winter or early spring, the County prepares a budget calendar, thus starting the budgetary process for the upcoming July 1 fiscal year. Budget request forms are distributed to County departments and local service agencies with a specified completion date. Legally mandated advance notices are formally published for grant availability and other purposes once budget hearings have been scheduled. The budget hearings are then held with all County department heads and local service agency representatives. Generally, in late May or early June, a budget meeting is held for tentative approval of the completed budget. After tentative approval at the County level, the budget is submitted to the New Mexico Department of Finance and Administration (DFA) for approval of a temporary operational budget beginning July 1.

Immediately after July 1, when ending cash balances for the preceding fiscal year have been accurately ascertained, a final hearing is convened for finalization of the budget, and it is resubmitted to DFA for formal approval. None of the above budgetary processes are legally required to occur at any specified time; however, DFA requires that the time frame be such that they (DFA) render their final budget approval no later than September 1 of the budget year in question.

During the course of the fiscal year, the County prepares monthly budget reports. Under New Mexico State law, each year's budget appropriation legally lapses at year-end.

Budgetary Compliance – Budgetary control is required to be maintained at the individual fund level.

Actual fund revenues may be either over or under the budgeted amounts; however, the variance is required to be reasonable, particularly in the case of over-budgeted revenues. Major over-budgeted revenues require a budget amendment as soon as the extent of the shortage is reasonably ascertainable.

Budget Amendments – Budget increases and decreases can only be accomplished by Commission resolution, followed by DFA approval. Similarly, budget transfers must follow the same procedure.

Budgetary Basis – State law prescribes that the County's budget be prepared on the basis of cash receipts and cash expenditures. Therefore, budgetary comparisons shown in exhibits are prepared on a cash basis to compare actual revenues and expenditures with a cash basis budget as amended.

The accompanying Statements of Revenue, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual, for the general fund and major special revenue funds, present comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2021 is presented. Reconciliations between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis by fund can be found on each individual budgetary statement.

P. Income Taxes

As a local government entity, the County is not subject to federal or state income taxes.

Q. Interfund Activity

Interfund activity is reported as loans, services provided, reimbursements, or transfers.

Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA's. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 – CASH AND INVESTMENTS

The County's cash balances consist of demand deposits. The majority of County's cash and investments are pooled. All interest income is accounted for in the related funds. The County's cash and cash equivalents and investments are listed in this report as listed in the table of contents.

The following is a summary of the County's cash and investment balances as of June 30, 2021:

Cash and investments		Amount
Cash and cash equivalents		
Cash on hand	\$	8,912

State regulations require that uninsured demand deposits and deposit-type investments such as certificates of deposit be collateralized by the depository thrift or banking institution. At present, state statutes require that a minimum of fifty percent of uninsured balances on deposit with anyone institution must be collateralized, with higher requirements up to 100% for financially troubled institutions. Investments in repurchase agreements must be collateralized at 102% of the contract. In addition, some

bond covenants require debt service reserve amounts to be collateralized at 105%. The County's Schedule of Collateral is presented in this report, as stated in the table of contents.

The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, County, or political subdivision of the State of New Mexico.

A summary of the County's investments as of June 30, 2021 is as follows:

					Weighted	
					Average

^{*}Based on Moody's rating

Quoted Prices in Active Markets for Identical Assets (Level 1)

Significant Other Observable Inputs (Level 2)

Custodial Credit Risk Deposits - Custodial credit risk is the risk that in the event of a bank failure, the County funds may not be returned. The County does not have a deposit policy for custodial credit risk, other than following state statutes as set forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

As of June 30, 2021, the County's bank and investment balances of \$54,435,690 were exposed to custodial credit risk as follows:

Custodial Credit Risk Investments - Custodial Credit Risk is the risk that, in the event of failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities

^{**}Fair Market Measurements Using:

^{***}Certificate of Deposit, Money Market, Savings, FDIC insured and/or collateralized

that are in the possession of an outside party. The County's investments are not exposed to custodial credit risk. All are fully collateralized, and the collateral is held in the County's name.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer, of more than 5%. The County's investments are diversified to avoid including concentration of credit risk. With the exception of authorized pools, no more than 50% of the total investment portfolio is in one single security type or financial institution.

Credit Risk - The County's investments shall be in accordance with State Law 6-10-10 and 6-10-10.1 NMSA 1978, including but not limited to the following: Treasury Bills, Notes, Bonds, Strips, and US Government securities which are backed by the full faith and credit of the U.S. Government. Negotiable securities of the State of New Mexico or any county, municipality, or school district with the advice and consent of the Board of Finance per 6-10-44 NMSA 1978, 6-10-10 NMSA 1978, 6-10-10 NMSA 1978.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the County investments. The County's investment policy follows New Mexico State Statute Section 6-10-36E (NMSA, 1978 Comp) requiring the interest rate on time deposits shall not be less than the rated fixed by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States Treasury bills of the same maturity on the day of deposit.

Foreign Currency Risk - Deposits and Investments - The County is not exposed to the risk that exchange rates will adversely affect the fair value of an investment as none of the investments pools or certificates of deposit are dominated in a foreign currency.

NOTE 3 – FAIR VALUE MEASUREMENT

The County holds investments that are measured at fair value on a recurring basis. Because investing is not a core part of the County's mission, the County determines that the disclosures related to these investments only need to be disaggregated by major type. The County chooses a table format for the fair value disclosures.

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach: this uses prices generated for identical or similar assets or liabilities. The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- Cost approach: this technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach: this approach converts future amounts (such as cash flows) into a current

discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Valuation techniques should be applied consistently, though a change may be appropriate in certain circumstances. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. GASB 72 establishes a hierarchy of inputs to the valuation techniques listed above.

The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy's three levels are as follows:

Level 1

Inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date. (Examples: equity securities traded on an open market, actively traded mutual funds, and US treasuries)

Level 2

Are significant other observable inputs

- a) Quoted prices for similar assets or liabilities in active markets.
- b) Quoted prices for identical or similar assets or liabilities in markets that are not active.
- c) Inputs other than quoted prices that are observable for the asset or liability, such as:
 - 1. Interest rates and yield curves observable at commonly quoted intervals,
 - 2. Implied volatilities, and
 - 3. Credit spreads.
- d) Market-corroborated inputs.

(Examples: a bond valued using market corroborated inputs such as yield curves, a bond valued using matrix pricing, and an interest rate swap valued using the LIBOR swap rate observed at commonly quoted intervals for the full term of the swap)

Level 3

Are significant unobservable inputs for an asset or liability (Examples: Commercial real estate valued using a forecast of cash flows based on a university's own data and an interest rate swap valued using data that is neither directly observable nor corroborated by observable market data)

See Note 2 for the County's recurring fair value measurements as of June 30, 2021.

NOTE 4 – RECEIVABLES

Receivables at year-end of the County's major individual funds and nonmajor and internal service funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows:

	-			

NOTE 5 – PROPERTY TAXES

Property taxes attach as an unsubordinated enforceable lien on property as of January 1 of the assessment year. Current year taxes are levied within five days of the rate setting order received from New Mexico Department of Finance and Administration (7-38-32 thru 7-38-36). Tax bills are mailed by November 1, unless the Doña Ana County Assessor obtains a formal extension of time from the New Mexico Property Tax Division. Taxpayers have the option to pay in two equal installments due by the close of business November 10th and April 10th. Penalty and interest will be accrued after the delinquency due dates of December 10th and May 10th. In the event of a formal extension, the respective dates are correspondingly extended.

The County bills and collects its own taxes, as well as taxes for the State of New Mexico, city governments (Las Cruces, Hatch, Mesilla and Sunland Park), Doña Ana Branch Community College, Public School Districts (Las Cruces, Hatch and Gadsden) and Flood Districts (Lower Rio Grande and Hueco). In tax year 2021, the County charged the following mil rates:

Tax District	Residential	Non-residential
02 (Las Cruces-In)	0.031258	0.034573
03 (Las Cruces-Out)	0.023750	0.026691
04 Mesilla	0.024758	0.029031
11 (Hatch-In)	0.031951	0.034910
12 (Hatch-Out)	0.026509	0.029410
16 (Sunland Park-In)	0.036861	0.041007
17 Unincorporated (Anthony/Chaparral)	0.030337	0.033357
18 Incorporated (Anthony)	0.032745	0.035765

The County's share of the property taxes equal approximately 35.62% of the total property taxes levied and is used for general governmental services and retirement of long-term debt. The statutory maximum rate for servicing long-term debt with property tax revenue is unlimited, although the total amount of outstanding debt at any one time is restricted by other factors.

The County is required to report all real property delinquencies in excess of three years to the New Mexico Property Tax Division. The State, in turn administers all subsequent collection actions and proceedings.

NOTE 6 - CAPITAL ASSETS

A summary of capital assets and changes occurring during the year ended June 30, 2021 follows. Land and construction in progress are not subject to depreciation.

Bonds are liquidated from the debt service funds and other long-term liabilities are liquidated from the general fund and special revenue funds. No short-term debt was incurred during fiscal year 2021.

The annual principal and interest requirements on long-term debt outstanding as of June 30, 2021 are as follows:

Governmental Activities:

General Obligation Bonds

The County has the following GO bonds to service in governmental activities:

			Originai		
Description	Date	Due	Issue	Outstanding	Rates
General Obligation Bond, Series 2013	10/22/2013	9/1/2033 \$	6,800,000	5,050,000	2.13%
		\$	6,800,000	5,050,000	

On October 22, 2013, the County issued \$6,800,000 in General Obligation Bonds with an average interest rate of 3% that will be used to (1) acquire, construct, equip, furnish and otherwise improve an E-911 emergency dispatch center, and (2) acquire, replace, construct, equip, furnish and otherwise improve a facility(s) for the purpose of housing and caring for animals that are the subject of pending prosecutions involving animal cruelty (collectively, the "2013 Project"). The qualified electors of the County approved issuance of the Bonds at a special meeting held on July 30, 2013. Payments toward the debt began in 9/1/2014.

This debt is secured with legally pledged revenues. There are no finance-related default consequences, termination event consequences, or subjective acceleration clauses specified in the debt agreement.

Pledged Revenues – General Obligation Bonds are payable from ad valorem taxes levied on all taxable property within the County without limit as to rate or amount. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$461,850.

Future payment requirements in the Series 2013 General Obligation Refunding Bonds are as follows.

Principal	Interest	Total
300,000	165,200	465,200
315,000	157,513	472,513

		\$	13,740,000	7,790,000	

2012 Gross Receipts Tax Refunding and Improvement Bonds

On November 11, 2012, the County issued \$5,235,837 of Gross Receipts Tax Refunding Revenue Bonds, Series 2012, with an average interest rate of 2.656%. The amount represents \$4,870,000 of principal and a premium of \$365,837 which will be amortized over the 16-year life of the bonds. The bonds consist of serial bonds bearing various fixed rates ranging from 2.00% to 4.00% with annual maturities from May 2013 through May 2028. The net proceeds of \$5,084,626 (after processing fees of \$151,211) were used to advance refund bonds with a total principal amount of \$4,970,000 and an average interest rate of 4.560%. The purchaser of the bonds, Southwest Securities, Inc., transferred \$5,080,943 representing the amount payable at closing less debt service reserve of \$3,683 to the Bank of Albuquerque, N.A. for Doña Ana County. The Bank transferred the net proceeds to the County to pay off the refunded bonds. As a result, the refundable bonds are considered to be defeased, and the related liability for the banks has been removed from the County's liabilities.

The advance refunding was done in order to reduce debt payments. Costs for the issuance of the new debt were \$113,000. The advance refunding transaction resulted in an economic gain (difference between the present value of the debt service on the old and the new bonds) of approximately \$757,190.

This debt is secured with legally pledged revenues. There are no finance-related default consequences, termination event consequences, or subjective acceleration clauses specified in the debt agreement.

Pledged Revenues – Bonds are payable solely from pledged revenues consisting of the first oneeighth of one percent increment of the County gross receipts tax transferred to the County pursuant to Section 7-1-6.13 NMSA 1978. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$408,575.

Subordinate Lien Gross Receipts Tax Refunding Bonds Series 2014

On December 1, 2014, the County issued \$9,077,303 of Subordinate Lien Gross Receipts Tax Refunding Bonds Series 2014, with an average interest rate of 3.0%. The amount represents \$8,870,000 of principal plus a net original issue premium of \$262,114 which will be amortized over the 14-year life of the bonds, less an underwriting discount of \$54,811. The bonds consist of serial bonds bearing various fixed rates ranging from 2.00% to 4.00% with annual maturities from May 2013 through May 2028. The net proceeds of \$10,017,074 (which includes Series 2004A Reserve Fund of \$1,113,717 less processing fees of \$178,757) were used to advance refund bonds with a total principal amount of \$9,760,000 with an average interest rate of 4.560% and paying all costs incidental to the foregoing and incidental to the issuance of the bonds. The purchaser of the bonds Piper Jaffray & Co. transferred \$8,905,670 representing the amount payable at closing less debt service reserve of \$2,313 was transferred to the Bank of Albuquerque, N.A. for Dona Ana County. The Bank transferred the net proceeds that included an amount in the Series 2004A Reserve Fund to the Dona Ana County to pay off the refunded bonds. As a result, the refundable bonds are considered to be defeased, and the related liability for the banks has been removed from the County's liabilities.

The advance refunding was done in order to reduce debt payments. Costs for the issuance of the new debt was \$171,633. The advance refunding transaction resulted in an economic gain (difference between the present value of the debt service on the old and the new bonds) of approximately \$1,050,051.

This debt is secured with legally pledged revenues. There are no finance-related default consequences, termination event consequences, or subjective acceleration clauses specified in the debt agreement.

Pledged Revenues – Bonds are payable solely from pledged revenues consisting of the first oneeighth of one percent increment of the County gross receipts tax transferred to the County pursuant to Section 7-1-6.13 NMSA 1978. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$756,925.

Future payment requirements on the governmental activity revenue bonds are as follows:

		Principal	Interest	Total
2022	\$	905,000	259,025	1,164,025
2023		935,000	228,725	1,163,725

NMFA - Energy Efficiency and					
Renewable Energy	2/21/2020	5/1/2041	4,592,145	4,592,145	1.79% to 3.13%
		\$	7,095,103	6,141,502	

NMFA 1947-DW - Cleanup of Griggs Walnut Superfund Site

In January 2008, the County and the City of Las Cruces were approved under New Mexico Finance Authority Project No. 1947-DW for the clean-up of the Griggs Walnut superfund site. The County's debt principal totaled \$1,478,798. The initial terms of the loan called for the funds to be fully drawn down by January 2011 with regular principal payments due beginning in May 2013. An extension was received in 2011 to allow for drawdown of the funds through June 2012. The terms of the note call for annual principal payments on May 1, for 20 years with semi-annual interest payments of 2% per annum.

The County began drawing funds on the note in October 2010 and expects to withdraw the full amount by the June 2012 closing date. This debt is secured with legally pledged revenues.

Pledged Revenues – The note principal, interest, and administrative fees will be paid for with pledged revenues consisting of the first one-eighth of one percent increment of the County environmental services gross receipts tax transferred to the County pursuant to Section 7-20E-17 NMSA 1978. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$9,797.

NMFA – Arsenic Treatment Facility

In July 2011, the County entered into a loan/grant agreement with the NM Finance Authority for the planning, design and construction of an arsenic treatment facility with a treatment capacity of approximately 3.4 million gallons of water per day in and around the Santa Teresa area. The

terms of the agreement call for a grant from the NMFA for \$4,096,640 along with a loan totaling \$1,024,160. The interest/administrative fee on the note is 0.25% with a maturity date of June 1, 2031. Repayments to be provided by the Camino Real Regional Utility Authority (CRRUA). The County has an agreement with CRRUA, stating that CRRUA will begin make payments on the debt incurred on 9/12/14, for the formation of the arsenic treatment facility, but the debt will remain on the County's financials. This debt is secured with legally pledged revenues.

Pledged Revenues – The note principal, interest, and administrative fees will be paid for with pledged revenues from the net utility revenues of the Santa Teresa water and wastewater utility system. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$52,563.

NMFA – Energy Efficiency and Renewable Energy

On February 21, 2020, the County entered into a loan agreement with the NM Finance Authority for the costs of purchasing and installing energy upgrades/improvements at the Doña Ana County Detention Center including the main detention and juvenile building pursuant to an energy savings performance contract, and paying costs of issuance. The terms of the agreement call for a loan from the NMFA for \$4,592,145. The blended interest rate is 2.742107% with a maturity date of May 1, 2041. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from revenues of the one-eighth of one percent (0.125%) increment of County Gross Receipts Tax imposed pursuant to Section 7-20E-9, NMSA 1978, as amended, and Ordinance No. 35-85 adopted February 6, 1985, effective July 1, 1985. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$121,243.

The following details the default consequences, termination event consequences, or subjective acceleration clauses specified in all NMFA debt agreements.

Whenever any Event of Default has occurred and is continuing and subject to section Remedies on Default hereof, the Lender/Grantor may take any or all of the following actions as may appear necessary or desirable to collect the payments then due and to become due or to enforce performance of any obligations of the Borrower/Grantee in this Agreement:

- a) File a mandamus proceeding or other action or proceeding or suit at law or in equity to compel the Borrower/Grantee to perform or carry out its duties under the law and the agreements and covenants required to be performed by it contained herein;
- b) Terminate this Agreement;
- c) Cease disbursing any further amounts from the Project Account;
- d) Demand that the Borrower/Grantee immediately repay the Loan/Grant Amount or any portion thereof if such funds were not utilized in accordance with this Agreement;
- e) File a suit in equity to enjoin any acts or things which are unlawful or violate the rights of the Lender/Granter;
- f) Intervene in judicial proceedings that affect this Agreement or the Pledged Revenues; or
- g) Cause the Borrower/Grantee to account as if it were the trustee of an express trust for all

of the Pledged Revenues;

- h) Take whatever other action at law or in equity may appear necessary or desirable to collect amounts then due and thereafter to become due under this Agreement or to enforce any other of its rights hereunder; or
- i) Apply any amounts in the Project Account toward satisfaction of any and all fees and costs incurred in enforcing the terms of this Agreement.

The future payments required for the notes payable in Governmental Activities funds are as follows:

	_	Principal	Interest	Total
2022	\$	360,719	151,894	512,613

NMED - Sanitary Sewer System

On June 30, 2003, the County entered into a loan agreement in the amount of \$4,740,014 with the New Mexico Environment Department. The loan proceeds are to be used to improve or construct a Sanitary Sewer System by constructing, extending, enlarging, repairing, and otherwise improving the County's wastewater collection system, conveyance, and treatment facilities. The loan calls for 20 annual payments of \$289,884 and interest is calculated at a rate of 2.0% per annum. The first payment was due February 5, 2010 and the maturity date on the note is February 5, 2029. This debt is secured with legally pledged revenues.

The following details the default consequences, termination event consequences, or subjective acceleration clauses specified in this NMED debt agreement. Late charges may be assessed at the. discretion of NMED.

Upon occurrence of an event of default:

- 1. The entire unpaid principal amount of the Final Loan Agreement and Final Promissory Note and accrued interest thereon may be declared by NMED to be immediately due and payable and the Borrower shall pay the amounts due under these Notes from the Net Revenues, either immediately or in the manner required by NMED in its declaration, but only to the extent funds are available for payment.
- 2. NMED shall have no further obligation to make payments to. the Borrower and may pursue remedies provided by the Ordinance.

Pledged Revenues – The note is payable and collectible solely from the net revenues derived from the operation of the County's Chaparral Wastewater System. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$289,884.

NMFA – Montana Vista Wastewater System Improvements

On April 18, 2014, the County entered into a loan/grant agreement with the New Mexico Finance Authority for planning and design of the Montana Vista wastewater system improvements. The terms of the agreement call for a grant from the New Mexico Finance Authority of \$1,260,000 along with a loan of \$140,000 with no interest rate. The maturity date on the note is June 1, 2034. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from the revenues derived from net utility revenues. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$14,000.

<u>NMFA – Chaparral Wastewater System Improvements</u>

On May 2, 2014, the County entered into a loan/grant agreement with the New Mexico Finance Authority for the planning and design of the Chaparral Wastewater System improvements. The terms of the agreement call for a grant from the New Mexico Finance Authority \$315,000 along with a loan totaling \$35,000 with no interest rate. The maturity date on the note is June 1, 2034. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable and collectible solely from the revenues derived from net utility revenues. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$3,500.

<u> NMFA – Colonias Infrastructure Improvements 3348-CIF</u>

In March 2016, the County entered into a loan/grant agreement with the NM Finance Authority for the Colonias Infrastructure Project. The terms of the agreement call for a grant from the NMFA for \$900,000 along with a loan totaling \$89,050. The interest/administrative fee on the note is 0% with a maturity date of June 1, 2034. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from the net revenues derived from net utility revenues. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$9,374.

NMFA – Colonias Infrastructure Improvements 4642-CIF

In November 2018, the County entered into a loan/grant agreement with the NM Finance Authority for the Colonias Infrastructure Project. The terms of the agreement call for a grant from the NMFA for \$868,917 along with a loan totaling \$89,050. The interest/administrative fee on the note is 0% with a maturity date of June 1, 2040. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from revenues of the one-eighth of one percent (0.125%) increment of County Gross Receipts Tax imposed pursuant to Section 7-20E-9, NMSA 1978, as amended, and Ordinance No. 35-85 adopted February 6, 1985, effective July 1, 1985. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$3,590.

NMFA – Colonias Infrastructure Improvements 4909-CIF

On October 4, 2019, the County entered into a loan/grant agreement with the NM Finance Authority for the Colonias Infrastructure Project. The Project is infrastructure development in accordance with the Act consisting of improvements to a wastewater system, but does not include general operation and maintenance, equipment, housing allowance payments or mortgage subsidies and is more specifically described as design of system upgrades and improvements to the South Central Wastewater Treatment Plant, and shall include such other related work and revisions necessary to complete the Project. The terms of the agreement call for a grant from the NMFA for \$607,500 along with a loan totaling \$67,500. The interest/administrative fee on the note is 0% with a maturity date of June 1, 2041. The County drew down \$38,942 of principal in 2021. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from revenues of the one-eighth of one percent (0.125%) increment of County Gross Receipts Tax imposed pursuant to Section 7-20E-9, NMSA 1978, as amended, and Ordinance No. 35-85 adopted February 6, 1985, effective July 1, 1985. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$0, as no payments were due in 2021.

NMFA – Chaparral Wastewater Colonias Infrastructure Project 5165-CIF

On December 4, 2020, the County entered into a loan/grant agreement with the NM Finance Authority for the Colonias Infrastructure Project. The Project is infrastructure development in accordance with the Act consisting of improvements to a wastewater system, but does not include general operation and maintenance, equipment, housing allowance payments or mortgage subsidies and is more specifically described as design and construction of Chaparral Phase 2C wastewater project, including 20,000 linear feet of gravity sewer collection pipelines, and approximately 50 manholes, and shall include such other related work and revisions necessary to complete the Project. The terms of the agreement call for a grant from the NMFA for \$1,167,012 along with a loan totaling \$129,668. The interest/administrative fee on the note is 0% with a maturity date of June 1, 2041. The County drew down \$0 of principal in 2021. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from revenues of the one-eighth of one percent (0.125%) increment of County Gross Receipts Tax imposed pursuant to Section 7-20E-9, NMSA 1978, as amended, and Ordinance No. 35-85 adopted February 6, 1985, effective July 1, 1985. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$0, as no payments were due in 2021.

NMFA - South Central Wastewater Colonias Infrastructure Project 5166-CIF

On December 4, 2020, the County entered into a loan/grant agreement with the NM Finance Authority for the Colonias Infrastructure Project. The Project is infrastructure development in accordance with the Act consisting of improvements to a wastewater system, but does not include general operation and maintenance, equipment, housing allowance payments or mortgage subsidies and is more specifically described as the design and construction of the South Central Wastewater Collection Project, including upgrades to lift stations, manholes and main line replacements and extensions, and shall include such other related work and revisions necessary to complete the Project. The terms of the agreement call for a grant from the NMFA for \$2,290,950 along with a loan totaling \$254,550. The interest/administrative fee on the note is 0% with a maturity date of June 1, 2041. The County drew down \$1,482 of principal in 2021. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from revenues of the one-eighth of one percent (0.125%) increment of County Gross Receipts Tax imposed pursuant to Section 7-20E-9, NMSA 1978, as amended, and Ordinance No. 35-85 adopted February 6, 1985, effective July 1, 1985. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$0, as no payments were due in 2021.

NMFA - Chaparral Wastewater Colonias Infrastructure Project 5167-CIF

On December 4, 2020, the County entered into a loan/grant agreement with the NM Finance Authority for the Colonias Infrastructure Project. The Project is infrastructure development in accordance with the Act consisting of improvements to a wastewater system, but does not include general operation and maintenance, equipment, housing allowance payments or mortgage subsidies and is more specifically described as the design and construction of the Chaparral Phase 2C House Connection Project, including upgrades to lift stations, manholes and main line replacements and extensions, and shall include such other related work and revisions necessary to complete the Project. The terms of the agreement call for a grant from the NMFA for \$508,500 along with a loan totaling \$56,500. The interest/administrative fee on the note is 0% with a maturity date of June 1, 2041. The County drew down \$0 of principal in 2021. This debt is secured with legally pledged revenues.

Pledged Revenues – The note is payable from revenues of the one-eighth of one percent (0.125%) increment of County Gross Receipts Tax imposed pursuant to Section 7-20E-9, NMSA 1978, as amended, and Ordinance No. 35-85 adopted February 6, 1985, effective July 1, 1985. County gross receipts taxes are imposed on all persons engaging in business in the County. Pledged revenues for the fiscal year ended June 30, 2021 totaled \$0, as no payments were due in 2021.

The following details the default consequences, termination event consequences, or subjective acceleration clauses specified in all NMFA debt agreements.

Whenever any Event of Default has occurred and is continuing and subject to section Remedies on Default hereof, the Lender/Grantor may take any or all of the following actions as may appear necessary or desirable to collect the payments then due and to become due or to enforce performance of any obligations of the Borrower/Grantee in this Agreement:

- a) File a mandamus proceeding or other action or proceeding or suit at law or in equity to compel the Borrower/Grantee to perform or carry out its duties under the law and the agreements and covenants required to be performed by it contained herein;
- b) Terminate this Agreement;
- c) Cease disbursing any further amounts from the Project Account;
- d) Demand that the Borrower/Grantee immediately repay the Loan/Grant Amount or any portion thereof if such funds were not utilized in accordance with this Agreement;
- e) File a suit in equity to enjoin any acts or things which are unlawful or violate the rights of the Lender/Granter;
- f) Intervene in judicial proceedings that affect this Agreement or the Pledged Revenues; or
- g) Cause the Borrower/Grantee to account as if it were the trustee of an express trust for all of the Pledged Revenues;
- h) Take whatever other action at law or in equity may appear necessary or desirable to collect amounts then due and thereafter to become due under this Agreement or to enforce any other of its rights hereunder; or
- i) Apply any amounts in the Project Account toward satisfaction of any and all fees and costs incurred in enforcing the terms of this Agreement.

The future payments required for the business-type notes payable are as follows:

NOTE 8 – POLLUTION REMEDIATION OBLIGATION

Certain property owned by the County has been declared a Superfund Site by the Environmental Protection Agency (EPA). The EPA has determined that the County is a responsible party along with the City of Las Cruces, which also owns part of the contaminated property. On April 20, 2005, the County and City of Las Cruces established a memorandum of understanding for a Joint Superfund Project (JSP) to work collaboratively with the EPA to complete the Remedial Investigation and Feasibility Study (RIFS) within the Superfund process. In December 2004, the JSP submitted a good-faith offer to the EPA for a Funding Agreement to achieve this objective. In April 2005, a negotiated funding agreement in the amount of \$800,000, payable to the EPA to complete the RIFS, was signed. In October 2005, the EPA and its contractor began the remaining fieldwork, which was completed in fiscal year 2007.

The County and City each received a \$3.5 million construction drawdown loan from the New Mexico Finance Authority (NMFA) to cover some of the costs of the pollution remediation project. County project costs of \$1,478,798 were funded using loan proceeds. The County is currently repaying the loan using Environmental Gross Receipt Tax funds.

The County and City also received \$243,000 for design and engineering in grant funds from the New Mexico Environment Department. All \$243,000 was applied to design and engineering costs. Construction on the project completed and remediation operations began August 2012.

The pollution remediation obligation is reported in long-term liabilities in the statement of net position (see Note 7). The pollution remediation obligation is an estimate and is subject to revision because of the price increases or reductions, changes in technology or changes in applicable laws or regulations. The County relies on the City's consultants to evaluate the site and potential liability.

On January 4, 2018, the County and City received a Unilateral Administrative Order from the EPA. The County and City are still in litigation regarding the liability. The County and the City currently share a 50/50 split on the potential liability. In civil case no. 2:17-cv-00809 JCH-GBW, a Consent Decree issued on July 30, 2020 reduced this obligation to a total of \$1,265,000 as of June 30, 2020. This consists of two payments: one for the EPA's past response costs in the amount of \$1,140,000 and one as an initial payment for the EPA's future response costs in the amount of \$125,000. The Consent Decree requires the City and County to perform the work set forth in the Unilateral Administrative Order. The Consent Decree also ordered the United States to pay the City and County \$6,389,407 for the past and future response costs of the local government entities. Those funds are earmarked to pay superfund costs.

As of June 30, 2021, the County's outstanding pollution remediation obligation was \$632,500.

NOTE 9 – INTERFUND BALANCES AND TRANSFERS

The County recorded interfund transfers to reflect activity occurring between funds. Transfers and payments within the County are substantially for the purpose of subsidizing operating functions and funding various projects within the County. All transfers made during the year were considered routine and were consistent with the general characteristics of the County's transfer policy.

The composition of interfund transfers during the year ended June 30, 2021 was as follows:

						Tran	sfers In			
						Non-Major	South	Non-Major		
				Federal	Debt	Govern-	Central	Enterprise	Internal	
		_	General	Grants	Service	mental	Wastewater	Funds	Service	Total
	General	\$	42,059,953	109,271	1,268,877	9,061,169	519,500	227,880	800,000	54,046,650
ㅂ	Non-Major Governmental		1,303,794	_	_	3,034,975	_	_	_	4,338,769
fers Out	South Central WW		-	-	-	-	-	187,520	-	187,520
Transfers	Non-Major Enterprise		-	-	-	-	-	117,773	-	117,773
	Internal Service	_	52,800		_					52,800
	Total	\$	43,416,547	109,271	1,268,877	12,096,144	519,500	533,173	800,000	58,743,512

The County recorded interfund receivables/payables to reflect temporary loans between funds. The purpose of the loans was to cover cash shortages until grant reimbursements or other funding measures could be obtained. All interfund receivables/payables are expected to be repaid within one year.

Interfund balances as of June 30, 2021 are as follows:

Due	Due		
From Fund	To Fund		Amount
General Fund	State Grants (23110)	\$	148,103
General Fund	Sheriff's Grant State (23300)		144,860

DAC Santa Teresa (50020)	Airport FAA Projects (41020)		391,603
Health Services (SLIAG) (25140)	Health Service Grant Fund (2514)	3)	12,755
Fire Districts	Emergency Medical Services		108
		\$	719,061

NOTE 10 – DEFINED BENEFIT PENSION PLAN

Plan Description – Substantially all of the Doña Ana County's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA's website at http://www.pera.state.nm.us.

Funding Policy – Plan members, other than law enforcement personnel and fire fighters, are required to contribute 14.65% of their gross salary. The County is required to contribute 9.80% of general participant's gross salary. The contribution rate is 17.80% of gross salaries for law enforcement participants (excluding detention employees). The County's portion of law enforcement participants is 19.15% of gross salaries. Detention employees are considered general participants. The contribution rate for fire fighter members is 17.70%, and the County is required to contribute 21.90% of their gross salaries. The contribution requirements of plan members and the County are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. Additionally, the County has elected to pick-up a portion of the employee's contribution.

The following table details the actual contribution rates:

	_	2021	2020	2019
County contributions	\$	4,468,801	4,293,164	4,014,729
County contributions picked up				
on behalf of employee		2,906,356	2,648,084	2,610,393
Employee contributions	_	2,947,436	2,797,701	2,646,037
Total contributions	\$	10,322,593	9,738,949	9,271,159

The County's contributions to PERA for the following fiscal years is identified below, which equals the amount of the required contributions for each fiscal year.

	County	County	County		
	Statutory	Pick-Up	With		
Categories	Required	Percentage	Pick-Up	_Employee	Total
Regular Member	9.80%	9.86%	19.66%	4.79%	24.45%
Law Enforcement	19.15%	0.00%	19.15%	17.80%	36.95%
EMS/Fire Member	21.90%	0.00%	21.90%	17.70%	39.60%

NOTE 11 – PENSION PLAN AND POST EMPLOYMENT BENEFITS

General Information about the Pension Plan

Plan description. Public Employees Retirement Fund is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officers, Municipal General, Municipal Police/Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the Public Employees Retirement Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the Public Employees Retirement Fund, unless specifically excluded.

Benefits provided. Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average

salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivors' annuities are also available.

TIER II. The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 67 with 8 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4 and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 6 or more years of service credit. Generally, under Tier II pension factors were reduced by .5%, employee Contribution increased 1.5 percent and effective July 1, 2014 employer contributions were raised .05%. The computation of final average salary increased as the average of salary for 60 consecutive months.

Contributions. See PERA's publicly available financial report and comprehensive annual financial report obtained at http://saonm.org/ using the Audit Report Search function for agency 366, for the employer and employee contribution rates in effect for fiscal year 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions; At June 30, 2021, the County reported a liability of \$90,365,125 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2020 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2020. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2020. The County's proportion of the net pension liability was based on a projection of the County long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2020, the County's proportion was 2.4843%, which was an increase of 0.0317% from its proportion measured as of June 30, 2019.

For PERA Fund Division; Municipal General Division, at June 30, 2021, the County reported a liability of \$57,657,745 for its proportionate share of the net pension liability. At June 30, 2020, the County's proportion was 2.8512%, which was a decrease of 0.0364% from its proportion measured as of June 30, 2020. For the year ended June 30, 2021, the County recognized PERA Fund Division; Municipal General Division pension expense of \$2,435,667.

At June 30, 2021, the County reported PERA Fund Division; Municipal General Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

		Deferred	Deferred
		Outflows of	Inflows of
Municipal General Division		Resources	Resources
Differences between expected and actual experience	\$	1,597,833	-
Changes of assumptions		1,066,785	-
Net difference between projected and actual earnings on pension			
plan investments		10,543,873	-
Change in proportion and differences between the County			
contributions and proportionate share of contributions		902,928	826,623
The County contributions subsequent to the measurement date	_	2,663,860	
Total	\$_	16,775,279	826,623

\$2,663,860 reported as deferred outflows of resources related to pensions resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
June 30:	 Amount
2022	\$ 3,851,375
2023	3,900,462
2024	2,945,829
2025	2,587,130
2026	_
Thereafter	-

For PERA Fund Division; Municipal Police Division, at June 30, 2021, the County reported a liability of \$27,027,769 for its proportionate share of the net pension liability. At June 30, 2020, the County's proportion was 3.1469%, which was an increase of 0.0150% from its proportion measured as of June 30, 2020. For the year ended June 30, 2021, the County recognized PERA Fund Division; Municipal Police Division pension expense of \$312,508.

At June 30, 2021, the County reported PERA Fund Division; Municipal Police Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

		Deferred	Deferred
		Outflows of	Inflows of
Municipal Police Division	_	Resources	Resources
Differences between expected and actual experience	\$	1,570,610	-
Changes of assumptions		640,035	-
Net difference between projected and actual earnings on pension			
plan investments		4,639,108	-
Change in proportion and differences between the County			
contributions and proportionate share of contributions		695,607	1,218,516
The County contributions subsequent to the measurement date	_	1,542,175	
Total	\$_	9,087,535	1,218,516

\$1,542,175 reported as deferred outflows of resources related to pensions resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
June 30:	 Amount
2022	\$ 2,307,284
2023	1,316,320
2024	1,564,292
2025	1,138,948
2026	-
Thereafter	_

For PERA Fund Division; Municipal Fire Division, at June 30, 2021, the County reported a liability of \$5,679,611 for its proportionate share of the net pension liability. At June 30, 2020, the County's proportion was 0.7509%, which was an increase of 0.1240% from its proportion measured as of June 30, 2020. For the year ended June 30, 2021, the County recognized PERA Fund Division; Municipal Fire Division pension expense of \$478,788.

At June 30, 2021, the County reported PERA Fund Division; Municipal Fire Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

		Deferred	Deferred
		Outflows of	Inflows of
Municipal Fire Division		Resources	Resources
Differences between expected and actual experience	\$	125,918	-
Changes of assumptions		68,066	-
Net difference between projected and actual earnings on pension			
plan investments		525,667	-
Change in proportion and differences between the County			
contributions and proportionate share of contributions		703,458	27,534
The County contributions subsequent to the measurement date	_	262,766	
Total	\$_	1,685,875	27,534

\$262,766 as deferred outflows of resources related to pensions resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended		
June 30:	_	Amount
2022	\$	526,569
2023		405,823
2024		334,114
2025		129,069
2026		-
Thereafter		-

Actuarial assumptions. The total pension liability in the June 30, 2020 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

June 30, 2019
Entry Age Normal
Level Percentage of Pay
Solved for based on statutory rates
7.25% annual rate, net of investment expense
100 years
3.00%
3.25% to 13.50% annual rate
2.50%
2.75% all other years
The mortality assumptions are based on the RPH-2014 Blue
Collar mortality table with female ages set forward one year.
Future improvement in mortality rates is assumed using
60% of the MP-2017 projection scale generationally. For
non-public safety groups, 25% of in-service deaths are
assumed to be duty related and 35% are assumed to be duty-
related for public safety groups.
July 1, 2008 to June 30, 2017 (demographic) and July 1,
2013 through June 30, 2017 (economic)

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2020. These assumptions were adopted by the Board use in the June 30, 2019 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected
All Funds - Asset Class	Allocation	Real Rate of Return
Global Equity	35.50%	5.90%
Risk Reduction & Mitigation	19.50%	1.00%
Credit Oriented Fixed Income	15.00%	4.20%
Real Assets to include Real Estate Equity	20.00%	6.00%
Multi-Risk Allocation	10.00%	6.40%
Total	100.0%	

Discount rate. A single discount rate of 7.25% was used to measure the total pension liability as of June 30, 2020. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.25%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability. The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the employer name's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease	Discount Rate	1% Increase
PERA Fund Division	 (6.25%)	(7.25%)	(8.25%)
Municipal General Division	\$ 82,550,891	57,657,745	37,016,314
Municipal Police Division	\$ 38,787,453	27,027,769	17,403,096
Municipal Fire Division	\$ 7,350,157	5,679,611	4,306,550

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued PERA financial reports, available at http://www.nmpera.org/.

Payable Changes in the Net Pension Liability. At June 30, 2021, the County reported \$272,373 in outstanding contributions due to PERA.

NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

General Information about the OPEB Plan

Plan description – The County's defined benefit OPEB plan, County Health Care Plan (CHCP), provides OPEB for all employees of Doña Ana County and Camino Real Regional Utility Authority (CRRUA) who satisfy the retirement eligibility requirements of the Public Employees Retirement Association of New Mexico (PERA). CHCP is a single employer defined benefit OPEB plan administered by the County. The County established a policy of contributing towards retirees' health care costs through adoption of Resolution 1999-36. Resolution 2002-89 increased the County contributions for retirees under the CHCP. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Regarding the treatment of CRRUA employees – CRRUA Policy Section 7-4.A. states "Employees who retire from the Regional Authority and immediately begin collecting PERA retirement, may elect to continue health, dental and life-insurance coverage if he/she has been continuously enrolled in the health plan for 5 consecutive years just prior to retirement effective July 1, 2011 for all employees who retire July 1, 2016 or later." When a CRRUA employee retires and is eligible for benefits, then they will have the option to elect benefit plans (health, dental, and life). The County and CRRUA will not contribute to the monthly CRRUA retiree premiums. The CRRUA retiree will be responsible for 100% of their monthly premiums. Since the County is self-funded for medical, the County will pay for any medical services that the CRRUA retiree uses.

Benefits provided – The County makes contributions toward the CHCP for retirees with a minimum of 10 years PERA service credit from employment with the County, based on a formula. Participants receive a contribution from the County for Medical/Rx/dental/vision and life insurance benefits at an increasing rate based on years of service, with a cap of \$350 per month. Retirees who qualify for PERA retirement with 20 years of service or more as a commissioned law enforcement officer or firefighter with a minimum of 10 years of PERA service with the County will receive a County contribution of 65% (cap still applies).

Employees covered by benefit terms – At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently	
receiving benefit payments	148
Active employees	801
	949

Total OPEB Liability

The County's total OPEB liability of \$32,391,082 was measured as of June 30, 2021, and was determined by an actuarial valuation as of that measurement date. This liability includes the CRRUA employees as the County will be responsible for any medical services.

Actuarial assumptions and other inputs – The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Measurement date	June 30, 2021				
Discount rate	2.21% per annum (BOY)				
	2.16% per annum (EOY)				
Salary increase rate	3.0% per annum				
Inflation rate	3.0% per annum				
Census data	Census provided by th	ne County as of May	2021.		
Marriage Rate	The assumed number of eligible dependents is based on the current				
	proportions of single and family contracts in the census provided.				
Spouse Age	Spouse dates of birth were provided by the County. Where this information				
	is missing, male spouses are assumed to be three years older than fema				
	spouses.				
Medicare Eligibility	All current and futur	re retirees are assur	ned to be eligib	ole for Medicare at	
	age 65.

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if there were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	Current				
	1% Decrease	Discount Rate	1% Increase		
	(1.16%)	(2.16%)	(3.26%)		
Total OPEB liability	\$ 37,969,000	32,391,082	27,890,000		

Sensitivity of the total OPEB liability to changes in the health care cost trend rates – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using health care cost trend rates that are 1-percentage-point lower or 1 percentage-point higher than the current health care cost trend rates:

		Current			
		1% Decrease	Trend Rate	1% Increase	
Total OPEB liability	\$	29,889,000	32,391,082	35,276,000	

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the County recognized OPEB expense of \$2,572,549. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		Deferred	Deferred
		Outflows of	Inflows of
		Resources	Resources
Differences between expected and actual			
experience	\$	4,712,132	216,783
Changes of assumptions/inputs		4,046,224	1,735,915
Net difference between projected and actual			
investments		_	-
Contributions subsequent to the measurement			
date	_	492,010	
Total	\$	9,250,366	1,952,698

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended		
June 30:	_	Amount
2022	\$	458,925
2023		458,925
2024		458,925
2025		458,925
2026		458,925
Thereafter		4,511,033

NOTE 13 – DEFERRED COMPENSATION PLAN

Doña Ana County offers its employees two deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all permanent County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the National Association of Counties (NAC) (without being restricted to the provisions of benefits under the plan) or Voya Financial, which replaced Nationwide Retirement Solutions, Inc. in fiscal year 2020, subject only to the claims of the NAC or Voya Financial general creditors.

Participant's rights under the plans are equal to those of general creditors of the NAC or Voya Financial in an amount equal to the fair market value of the deferred account for each participant. All amounts of deferred compensation have been remitted to the NAC or Voya Financial, which administers the plans.

Employee contributions totaled the following for the year ended June 30, 2021:

NAC	Voya Financial
\$ 15,921	616,695

NOTE 14 – OPERATING LEASES

The reporting entity has entered into a number of operating leases, which contain cancellation provisions and are subject to annual appropriations. The rent expenditures for these leases were primarily from the General Fund. Future minimum lease payments are:

Fiscal Year		
Ending June 30,		Amount
2022 \$; _	499,211
2023		356,864
2024		99,598
2025		7,420
2026		7,420
Thereafter		72,912
Total \$: _	1,043,425

Rental and lease payments charged to current operations for the year ended June 30, 2021 totaled \$974,643.

NOTE 15 – COMMITMENTS AND CONTINGENCIES

The County receives significant financial assistance from federal and state grants and entitlements. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The County believes that any liabilities resulting from disallowed amounts will not have a material effect on the County's financial statements.

The County remains non-compliant with its state issued permits for the liquid waste facility at Mesquite, New Mexico. The New Mexico Environment Department is aware of this issue; however, as the County is aggressively trying to remedy the situation, it is not anticipated that any fines will be assessed. The County is currently completing the design phase of a construction project to remedy the situation. The County is seeking possible funding solutions for the construction phase.

Commitments for construction projects in progress as of June 30, 2021 include:

		Amount Expended	_	Estimated
		as of	Percent	Date of
Project Name	 Total Cost	June 30, 2021	Complete	Completion

Contingencies

In 2021, the County has recorded contingent liabilities on the County's Government-Wide Statement of Financial Position for \$620,000. There are multiple legal options open to the County to appeal the ruling. If the County does not appeal, it is likely these amounts would be paid within a year, however, if an appeal takes place these amounts would unlikely be paid within a year, and therefore was classified as a long-term liability on the Government-Wide Statement of Net Position.

NOTE 16 – HOSPITAL LEASE

Medical Center-Providence Hospital (Telshor Facility)

In 1966, the County and the City adopted a joint resolution to create a joint county-municipal hospital to provide medical services to all of the citizens of Doña Ana County. The hospital was constructed and operated by the City and County through a Board of Trustees until 1998, when it was leased to Memorial Medical Center, Inc. (MMCI), a New Mexico not-for-profit corporation.

On June 1, 2004, the City, the County and MMCI, jointly terminated the lease. On that date, the City and County executed a 40-year lease agreement for the hospital facilities and equipment with PHC-Las Cruces, Inc. (PHC), a New Mexico corporation and a wholly owned subsidiary of Province Healthcare Corporation, a Delaware corporation. In accordance with the lease agreement, PHC has deposited certain amounts into escrow accounts to cover certain contingencies of the hospital and paid certain hospital liabilities, including outstanding bonds. The lease transaction was recorded during fiscal year 2004.

The proceeds of the PHC lease were reported in a sub-fund of the General Fund and the resulting equity has been reserved for health-related programs and health related capital projects.

Pursuant to the Termination Agreement, MMCI began distributing its cash and investments equally between the County and the City in July 2004. MMCI retained cash to pay certain liabilities; any cash remaining at the end of the liquidation process will be distributed equally between the County and the City.

In addition, PHC made a one-time grant of \$5 million to Doña Ana County to be distributed in the sole discretion of the County and City to improve the integration of services provided by the clinics in the County operated by the federally qualified health center organizations, the hospital, and the existing family residency program and to expand the service hours of the same clinics. The grant is accounted for in the General Fund. The unexpended portion of the grant at June 30, 2021 is \$638,884.

NOTE 17 - RISK MANAGEMENT

Multi-line Risk Pool

The County participates in the New Mexico Association of Counties insurance programs. The County's premium is re-determined every year and is based on the County's loss experience over the previous three years.

Limits of coverage through the risk pool are as follows:

Coverage	Insurance
Tort Claim Limit	General liability
Tort Claim Limit	Auto liability
\$1,000,000,000	Property
\$5,000,000	Earthquake and flood
\$2,000,000	Employee dishonesty and crime
\$2,000,000	Crime
\$3,000,000	Public officials E & O – tort claim limit
\$5,000,000	Foreign jurisdiction liability
\$2,000,000	Pollution
\$40,000/\$100,000	Land use planning def.
\$1,000,000	Expanded land use civil rights
Tort Claim Limit	Law enforcement liability
\$50,000,000	Boiler and machinery
\$10,000	Injunctive relief
Per Statute	Public officials surety bond
\$3,000,000	Cyber liability
\$5,000,000	Class A county - excess liability

Commercial Insurance

In addition, the County maintains commercial liability policies for the following:

Coverage	Insurance
\$100,000	Sheriff's volunteers accident
\$10,000,000	Airport owners & operators liability
\$255,000	Volunteer firefighters accident
\$3,000,000	Environmental liability
\$2,000,000	Cyber liability
\$2,000,000	Crime

NOTE 18 - DEFICIT FUND BALANCE

The following funds incurred a deficit fund balance at June 30, 2021:

Fund		_	Amount
Community Services	10008	\$	(7,436)
State Grants	23110		(175,178)
Airport FAA Projects	41020		(245,643)

Management intends to transfer sufficient funds from General Fund to cover any deficits.

NOTE 19 – LABOR UNIONS

The County has five labor unions:

- 1. American Federation of State, County and Municipal Employees, New Mexico Council 18, Blue Collar, (AFSCME BC) Local 2709; the collective bargaining agreement went into effect on August 28, 2017.
- 2. American Federation of State, County and Municipal Employees, New Mexico Council 18, Detention Center, (AFSCME DC) Local 1529; the collective bargaining agreement went into effect on July 8, 2016.
- 3. American Federation of State, County and Municipal Employees, New Mexico Council 18, Court Security, (AFSCME CS) Local 1879; the collective bargaining agreement went into effect on July 1, 2016.
- 4. International Associate of Fire Fighters (IAFF), Local 5037; the collective bargaining agreement went into effect on August 10, 2017.
- 5. The Communications Workers of America (CWA), Local 7911; the collective bargaining agreement went into effect on July 9, 2019.

Employees covered under all agreements include non-probationary employees as specified in the agreements. Copies of each collective bargaining agreement are available from the Doña Ana County Human Resources website: http://donaanacounty.org/hr/policies.

NOTE 20 - RESTATEMENTS

Change in Accounting Principle

During the year ended June 30, 2021, the County adopted new accounting guidance by implementing the provisions of GASB Statement No. 84, Fiduciary Activities, which establishes criteria for identifying and reporting fiduciary activities. The implementation of this statement has resulted in changing the presentation of the financial statements by reclassifying amounts formerly classified as liabilities on the Statement of Fiduciary Assets and Liabilities—Agency Funds and reclassifying those amounts to the new presentation in the Statement of Fiduciary Net Position. Beginning net position has been restated to reflect this change.

	New Presentation	Previous Presentation
	Statement of	Statement of fiduciary
_	fiduciary net position	_assets and liabilities_
\$	-	-
	-	56,795
_	56,795	(56,795)
\$	56,795	
	\$	Statement of fiduciary net position \$

The following details the restatement amount in the individual custodial fund:

Fund Description	Fund	_	Amount
Inmate Fund	25112	\$	56,795

Change in Accounting Methodology

During the year ended June 30, 2021, the County changed their accrual methodology for the self-funded insurance liability. As a result, the County applied this methodology to previous years accruals and a restatement was required for the General Fund, which also restated the Government-Wide beginning balance by the same amount as follows:

Government-Wide a	and Fund F	inancial Statements	
Fund Description	Fund	Purpose	
General Fund	10001	Change in methodology for recognizing accrued	-s -

payroll liability of the self-funded insurance.

Total Restatements \$\\\ 832,968

Amount 832,968

NOTE 21 – RELATED PARTIES

An attorney in the County's legal department serves as a contract attorney for the County's insurance provider. From time to time, the attorney may be called on to perform legal work for the insurance provider on cases typically involving the County. During these instances, the attorney is not considered an employee of the County and does not receive compensation for time spent working on cases for the insurer. Any costs incurred using County staff and materials are reimbursed to the County.

The County is currently acting as Camino Real Regional Utility Authority's (CRRUA) fiscal agent. They are contracted to provide multiple fiscal services, enterprise information systems management services, risk management services, and human resources management services. The contract term is for a period of 10 years from February 1, 2012 and can be renewed for an additional 5 years. CRRUA paid the County \$151,588 for fiscal year 2021.

Due to the relationship the County has with CRRUA there are related parties between the two entities. The related parties are as follows:

2 County Commissioners also serve as members on the Board of Directors at CRRUA

NOTE 22 -TAX ABATEMENT DISCLOSURES

The County negotiates property tax abatement agreements and has multiple tax abatement agreements as of June 30, 2021. Additionally, the County is subject to multiple tax abatement agreements entered into by other governmental entities which affects the County, as of June 30, 2021. The County's entire disclosure as the affected agency is presented on the following pages.

Agency Number	5007
Agency Name	Doña Ana County
Agency Type	Local Government
Tax Abatement Agreement Name	Industrial Revenue Bond (IRB)
Recipient(s) of tax abatement	Monarch Litho Inc.
Parent company(ies) of recipient(s) of tax abatement	
Tax abatement program (name and brief description)	Industrial Revenue Bonds: Are a type of loan issued by Doña Ana County to assist a private company that might otherwise be unable to obtain financing for its industrial venture or unwilling to undertake the project on its own. The County's goal in providing the debt securities is to improve the economic and employment conditions of the Santa Teresa region.
Specific Tax(es) Being Abated	100% of real and personal property taxes to be abated during bond term.
Legal authority under which tax abatement agreement was entered into	Board of County Commissioners of Doña Ana County.
Criteria that make a recipient eligible to receive a tax abatement	A project that will promote the local health, general welfare, safety, convenience and prosperity of the inhabitants of the County.
example: through a reduction of assessed value)	The property was deeded over to Doña Ana County (DAC), therefore stopping the tax bill to Monarch Litho. Instead of paying yearly taxes the company, based on the contract will make a yearly PILOT payment. Monarch Litho will pay a yearly administrative fee of \$1,500 and a PILOT payment to both DAC and Gadsden Independent School District.
How is the amount of the tax abatement determined? For example, this could be a specific dollar amount, a percentage of the tax liability, etc.	The tax abatement is determined based on Resolution No. 2010-71. Based on the "County Industrial Revenue Bond Act", Sections 4-59-1 to 4-59-16 inclusive, NMSA 1978, as amended, which authorizes Doña Ana County, New Mexico to issue industrial development bonds and to acquire projects as defined in the Act. The amount of tax abatement is the entire tax liability until the bond is paid in full.
Are there provisions for recapturing abated taxes? (Yes or No)	No
If there are provisions for recapturing abated taxes, describe them, including the conditions under which abated taxes become eligible for recapture.	
List each specific commitment made by the recipient of the abatement. Gross dollar amount, on an accrual basis, by which the government's tax revenues were reduced during the reporting period as a result of the tax abatement agreement.	Monarch Litho Inc. will build a 75, 000 square foot facility, followed by two 75, 000 square foot expansions within a five year phase. The facility will be used for the Company's commercial printing operations. Create a total of 180 jobs with a cumulative payroll of \$4,454,400 for the first 10 years of the Bond Issuance. Based on the Doña Ana County tax rate table for 2019 the amount of tax abatement is
payments receivable by your agency or another agency in	The IRB was authorized by the Doña Ana County Board of County Commissioners. PILOT payments will be made to both Doña Ana County and Gadsden Independent School District. Based on the lease agreement and the tax rates.
For any Payments in Lieu of Taxes (PILOTs) or similar payments receivable by your agency in association with the foregone tax revenue, list the amount of payments received in the current fiscal year	PILOT \$19,083.04.
For any Payments in Lieu of Taxes (PILOTs) or similar payments receivable by a different agency in association with the foregone tax revenue, list the name of the agency and the amount of payments received in the current fiscal year	
List each specific commitment made by your agency or any other government, other than the tax abatement.	
Are any other governments affected by this tax abatement agreement? (Yes or No) If yes, list each affected agency and complete an intergovernmental disclosure for each such agency.	•
If your agency is omitting any information required in this spreadsheet or by GASB 77, cite the legal basis for such omission.

The special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

<u>Community Services (10008)</u> – To provide funding for a variety of County community development projects. This fund has been established to comply with the accountability requirements of the grant agreements.

<u>County Clerk Equipment/Records (10010)</u> – To account for the operations of the county clerk pursuant to NMSA 1978 Section 14-8-12.2.

<u>County Treasurer Fees (10025)</u> – To account for fees collected by the Treasurer's office for employee training and equipment. Created by County Commission Resolution 30-54.

<u>Environmental GRT (10050)</u> – To account for gross receipts taxes collected/disbursed by the NM Taxation and Revenue Department to be used for environmental related projects.

<u>Housing Grant–NMFA (21241)</u> – The Mortgage Finance Authority will facilitate the rehabilitation, reconstruction, or new construction of homes in any New Mexico designated Colonias neighborhood.

<u>Affordable Housing Loan Fund (21250)</u> – To enhance the quality of life of county residents. Identify the needs and barriers to housing development within the County.

<u>CARES Act (22145)</u> – To account for monies received through the Coronavirus Relief Fund, the Coronavirus Aid, Relief, and Economic Security (CARES) Act which provides for payments to State, Local, and Tribal governments navigating the impact of the COVID19 outbreak. The CARES Act federal grant is passed through the New Mexico Department of Finance and Administration from the U.S. Department of the Treasury. The fund was created administratively for funds restricted by the CARES Act grant agreement.

<u>DWI Grants (22251)</u> – The DWI program partners with many entities that include law enforcement, MADD, National Guard, Safe Kids, private businesses and more, to combat the high DWI rate in Doña Ana County. Funding is provided by the U.S. Department of Finance and Administration. This fund has been established in accordance with 28 CFR 66.20.

State Grants (23110) – To account for various state grant revenues and expenditures for various projects.

<u>State Appropriations (23111)</u> – To account for various appropriations from the State Legislature for various projects.

<u>Sheriff's Grants State (23300)</u> – To provide funding to allow the County to support New Mexico Intelligence Center initiatives at the S\VB New Mexico High Intensity Drug Trafficking Area. This fund has been established in accordance with grant agreements.

<u>Civil Preparedness (25110)</u> – To account for state grant funding thru the NM Department of Homeland Security for public safety initiatives in support of civil preparedness for disasters.

<u>Correction Fees (25115)</u> – To account for fees collected by the magistrate court and the motor vehicle division and distributed by the state Administrative Office of the Courts to the County, pursuant to NMSA 1978 Section 33-3-25. The fund restricted to paying costs of the county jailor juvenile detention facility.

<u>Farm and Range (25120)</u> – In accordance with NMSA Section 6-11-5/6 -To provide for the Fish and Wildlife Service in control of predator animals. Funding is from the Taylor Grazing Act.

<u>County Flood Commission (25135)</u> – To account for the operations of the flood projects, in accordance with NMSA Compilation Section 7 Article 38-38-I. The funding is provided by charging an administrative fee on property taxes collected and distributed.

<u>Health Services Fund (25140)</u> – To account for the activities of the County's operating health care, which provides services to the residents of the County for local health services.

<u>Health Services Grant Fund (25143)</u> – To account for grants pertaining to Health Services are used within this fund.

<u>Crisis Triage Center (25144)</u> – To account for funds committed by County Commission Resolution 2011-81 for the support of a County crisis triage center.

<u>Indigent Hospital Care (25145)</u> – In accordance with NMSA Section 7-20E-9, accounts for hospital expenditures for County indigents. Funds are provided through local gross receipts tax.

Reappraisal Administrative Fees (25150) – In accordance with NMSA 7-38-38.1 - To account for countywide reappraisal funding and expenditures.

<u>Spaceport Gross Receipts Tax (25160)</u> – To provide funding to the regional Spaceport district for the financing, planning, designing, engineering and construction of a Spaceport or for projects or services of the district pursuant to the regional Spaceport district act by DAC Ordinance 227A-07.

<u>Water & Sanitation Gross Receipts Tax (25165)</u> – To account for funds from the Water and Sanitation Gross Receipts Tax. To provide funding for operation of the water and sanitation district act by DAC Ordinance 305-2019.

<u>Confiscated Assets (25210)</u> – In accordance with NMSA Section 54-11-33 - To account for the Doña Ana County Sheriffs confiscated asset program related directly to its drug interdiction program. The program was established through a joint powers agreement between Doña Ana County Sheriff's department and the U.S. Drug Enforcement Agency. Required by Federal Equitable sharing agreement between the Sheriff's Department and U.S. Departments of Justice and Treasury.

<u>Law Enforcement Protection (25230)</u> – In accordance with NMSA Section 29-13 - To account for expenditures of the sheriff's department. Financing is provided by the State.

<u>Fire Districts (multiple funds)</u> – Accounts for the operation and maintenance of the sixteen volunteer fire districts throughout the County of Doña Ana, in accordance with NMSA 7-20E-I 5. Funding is provided from the State Fire Fund.

<u>Emergency Medical Services (multiple funds)</u> – In accordance with NMSA Section 7-24-10A -To account for the operation and maintenance of Rural Metro Ambulance Service, Hatch Clinic, and various volunteer fire districts. Funding is from the State Emergency Medical Fund Act. State Law requires that financing be provided in this manner.

DAC Santa Teresa Airport (50020) – To account for the operations of the Santa Teresa Airport.

STATE OF NEW MEXICO DOÑA ANA COUNTY NON-MAJOR CAPITAL PROJECTS GOVERNMENTAL FUNDS FOR THE YEAR ENDED JUNE 30, 2021

The capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Non-major capital projects funds consist of the following:

STATE OF NEW MEXICO DOÑA ANA COUNTY FIDUCIARY FUNDS FOR THE YEAR ENDED JUNE 30, 2021

Custodial Funds are held by the County to report fiduciary activities that are not held in a trust or equivalent arrangement for individuals, governmental entities and nonpublic organizations, as established by resolution or state statue. The County excludes these activities from the other financial statements because the County cannot use these assets to finance its operations. The County is responsible for ensuring the assets reported in these funds are used for their intended purposes. The County's fiduciary funds include the following custodial funds:

<u>Cost to State/Treasurer (10020)</u> – To account for penalty and interest collected from state delinquent accounts (3+ years) and sent to the New Mexico Tax and Revenue Property Tax Division.

<u>Inmate Fund (25112)</u> – To account for monies received for and by inmates for their use while incarcerated, then disbursed back to them when released.

<u>Children's Trust Fund (70010)</u> – To account for fees collected from marriage licenses for New Mexico Children, Youth, & Families Department.

<u>Property Tax Fund (70040)</u> – To account for property tax collected by the County on behalf of other governments.

^{*}Governmental Accounting Standards Board Statement 75 requires ten years of historical information be presented; however, until a full 10-year trend is compiled, the statement only requires presentation of information for those years that information is available. Complete information for the County is not available prior to fiscal year 2017, the year information became available.

NOTES TO SCHEDULE

Changes of Benefit Terms: Since the prior valuation there have been no changes of benefit terms. Changes of Assumptions:

Since the prior valuation the following changes of assumptions have been made:

a. The following are the discount rates used in each period:

2021	2.16%
2020	2.21%
2019	3.50%
2018	3.87%
2017	3.58%

b. The salary increase assumption was decreased from 3.50% to 3.00%.

c. The select and ultimate trend rates have been updated.

STATE OF NEW MEXICO DOÑA ANA COUNTY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2021

Reconciliation to Statement of Revenues, Expenditures, and Changes in Fund Balance - Governmental Funds

Federal grant revenue per fund financials Federal expenditures per SEFA Difference - due to grants that are not reimbursement based

\$ 10,435,930 10,418,181 \$ 17,749

Notes to Schedule of Expenditures of Federal Awards

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant expenditure activity for the financial statements of the organization. The schedule is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Uniform Guidance.

Note 2 - Non-Cash Federal Assistance No non-cash federal assistance was received during the year ended June 30,2021.

Note 3 - Indirect Cost Rate The organization did not use the 10 percent de minimis indirect cost rate.

INDEPENDENT AUDITOR'S REPORT INDEPENDENT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of County Commissioners State of New Mexico, Doña Ana County Las Cruces, New Mexico Mr. Brian Colón, State Auditor State of New Mexico, Office of the State Auditor Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, the budgetary comparisons for the general fund and major special revenue fund of Doña Ana County (County) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated November 30, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County's internal control. Accordingly, we do not express an opinion on the effectiveness of County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS ON BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED

November 30, 2021

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2021-001.

The County's Response to the Finding

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of County Commissioners State of New Mexico, Doña Ana County Las Cruces, New Mexico Mr. Brian Colón, State Auditor State of New Mexico, Office of the State Auditor Santa Fe, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Doña Ana County's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2021. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of *Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

2500 9th St. NW, Albuquerque, NM 87102

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE, CONTINUED

November 30, 2021

Opinion on Each Major Federal Program

In our opinion, the County, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2021-001 that we consider to be a significant deficiency.

The County's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE, CONTINUED

November 30, 2021

inkle & Zanders, P.C.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CURRENT YEAR

2021-001 - COVID-19: EMERGENCY RENTAL ASSISTANCE FILE MANAGEMENT

Type of Finding: (E, G): Significant Deficiency in Internal Control over Compliance of Federal Awards, Non-compliance with State Audit Rule, NM State Statutes, NMAC, or other entity compliance

Funding Agency: U.S. Department of the Treasury

Title: Emergency Rental Assistance I

AL Number: 21.023 Award#: N/A

Award Period: January 1, 2021 - September 30, 2022

Estimated Questioned Costs: N/A

Statement of Condition

During testing of the eligibility of individuals and landlords who received rental assistance, we noted that the applications and documentation uploaded to the Neighborly software was not consistently accurate. It is important to note, we did not note any instances where the incomplete or incorrect information would impact the eligibility of the individual or amount of assistance. We identified deficiencies in compliance with the County's Emergency Rental Program internal policies and procedures listed in the Criteria.

Criteria

Per Doña Ana County's Emergency Rental Assistance Policies and Procedures:

Software and Paper Applications

Doña Ana County went live with paper applications on February 10, 2021. They are available on the website. On March 2, 2021 Neighborly software portal was launched for online applications. The County continues to accept paper applications, however most applications received are online. Neighborly software has the application embedded in the software to be the sole source of document retention and review. A reviewer checklist is added to the software to ensure application is complete.

- The software does initial vetting of applications based on income guidelines and partially ensures completed packages are submitted.
- On review if it is determined that the application is missing documentation, the applicant or landlord (as applicable) is contacted.
- All applications submitted online will be in the system.
- Paper applications are entered in the system and applicants will be provided tracking numbers. Starting August 2021, all paper applications are entered in Neighborly software. For paper applications previously received, already processed and paid, it will be done at a future date. The applicant is called, or notification is mailed to them if they do not have computer access.

Review of Application

The employee assigned is responsible for conducting and evaluation of applicant eligibility to include the requirements of the ERA program:

- 1. Income hardship (qualify for unemployment benefits or reduction in income or significant increase in expenses due to COVID-19)
- 2. Demonstrate a risk of experiencing homelessness or housing instability
- 3. A household income that is not more than 80 percent of the area median income

Review the application for the following:

- 1. Proof of rent or utilities in arrears (past due bills, eviction notice)
- 2. Proof the applicant is a New Mexico renter
- 3. Proof that applicant is showing loss of income and meeting eligibility criteria
- 4. Check the address and information matches on tenant and landlord form
- 5. Eligibility of the payee including review of the W-9 and TIN (if applicable)

A final review of approved and denied application will be done by a different employee and signed off.

Cause

The County started with paper applications which were then converted to the Neighborly software. There were some transposition errors when the paper applications were converted to the Neighborly software. County hired additional staff to facilitate the Emergency Rental Assistance program and to get assistance

out to the public as quickly as possible. This resulted in some data entry mistakes in the Neighborly software that were not caught until the audit.

Effect

The errors could result in providing assistance to non-eligible individuals, landlords, or utility companies. Although, no such instances were noted during our testing, where the errors impacted the eligibility of the individual or amount of assistance.

Recommendation

We recommend the County improve their review of the applications and support documents in the Neighborly software to ensure completeness and accuracy of the file.

View of Responsible Officials and Corrective Action Plan

When Emergency Rental Assistance (ERA) program was established in February 2021, the county hired two temporary full-time employees, now we have a team of eight full time employees including a grants manager working on the ERA program, that are within the county's finance department. We will hire two more full time employees, one as case manager and one as processor. We efficiently meet the increased need in the community.

The case manager reviews the application and support documentation, then the processor reviews the application and all the supporting documents to ensure completeness and accuracy of the file, prior to submitting for approval and payment. We will provide additional refresher training to our employees, case managers and processors, and other ERA program staff on items to review, to check for any data entry errors, use of checklist and file management.

Finding resolved timeline: In December 2021, additional training will be provided to the staff.

<u>Designation of employee position responsible for meeting this deadline</u>: Grants Manager, Emergency Rental Assistance Program

STATE OF NEW MEXICO DOÑA ANA COUNTY OTHER DISCLOSURES YEAR ENDED JUNE 30, 2021
