**8. PUBLIC INPUT**

**06:20:06**

None.

**9. STAFF INPUT**

**06:20:18**

Janine Divyak gave an update on the Unified Development Code (UDC).

**10. COMMISSION INPUT**

**06:22:12**

Commissioner Hearn spoke about the UDC and that it seems to be getting away from Special Use Permits and more towards Administrative Approvals. The way this Board works with Special Use Permits, it gives an opportunity for the people in the area of something significant that's going to happen to their neighborhood to become aware, to know what's going on, to get involved, and often, it simply works out with people working together to do a better job that makes everybody happy, not contentious or large problems, but actually smooths out problems and helps the whole situation to become good for the long term.

Chairman Villescas said at our previous meeting, everyone knew that the road item was not in good shape. The neighborhood presenter had a very good case. The developer knew there was no good solution on the table and everybody agreed to table it and go back and work together and see if they couldn't come up with something better.

**11. ADJOURNMENT**

**06:25:27**

Motion for adjournment.

Motion: Bob Hearn

Second: Janet Acosta

A vote of "ayes" was heard from all Commissioners present to adjourn the meeting.
