

EMERGENCY PURCHASE JUSTIFICATION

October 31, 2014

To: Joshua Orozco
CRRUA Board Chairman

From: Kurt Moffatt *Km*
DAC Utilities Manager

An emergency purchase justification is requested for Johnny's Septic (\$6,346.73) to provide emergency bypass pumping services at CRRUA's North Wastewater Treatment Plant (WWTP). The adjacent Viewpointe lift station, which is the effluent pumping station for the WWTP, failed on 9/29/14 and approximately 600,000 gallons per day needed to be pumped out of the station and transported downstream to the Sunland Park WWTP. Southwest Envirotec and Johnny's Septic provided pumper trucks from 9/30/14 through 10/3/14 on a rotating basis. Rain for Rent, which is CRRUA's bypass pumping contractor, was able to set up pumping equipment on 10/3/14 until repairs can be completed in the lift station. The emergency services are necessary to prevent a major sewage spill or backups in residents' homes.

Approved

A handwritten signature in black ink, appearing to be 'Kurt Moffatt', is written over a horizontal line. The signature is stylized and cursive.
