January 31, 2014

From: Kurt Moffatt
Utilities Manager *Km*

An emergency purchase is requested from James, Cooke and Hobson (\$15,853.00) for Flygt lift station guide rails, discharge elbows, piping and labor for repairs at CRRUA's Viewpointe lift station. The repairs are separate from work done in November, 2013. This is a critical lift station that pumps approximately 600,000 gallons per day from the Santa Teresa area to the Sunland Park Wastewater Treatment Plant. The repairs are necessary to prevent a sewage spill or backups in residents' homes. James, Cooke and Hobson Inc. is the authorized Flygt pump service center in this region.
