EMERGENCY PURCHASE JUSTIFICATION

November 14, 2013

To: M. Sue Padilla
Interim County Manager

From: Kurt Moffatt *KM*
Utilities Manager

Emergency purchases are requested from SW Envirotec (~~\$1,914.75~~^{2,400.00}) for standby pumping services and from Jaime Rodriguez (\$2,978.50) for discharge piping repairs at CRRUA's Viewpointe lift station in Santa Teresa. The pumps and panel were recently replaced and/or repaired and this work is necessary to complete the project. Other contractors were reluctant to bid because the project requires a confined space entry permit and the work must be done overnight when flows are lower. This is a critical lift station serving the Santa Teresa community that pumps approximately 600,000 gallons of wastewater per day to the Sunland Park WWTP. Currently only one of two pumps in the lift station are in service. The purchases are necessary to prevent a sewage spill and/ or backups.

Approved

Address:
Phone: 915-238-8739
Email: ernestoc@donaanacounty.org

Job location: Santa Teresa Lift Station

Estimate for pumping Lift Station after CRRUA uses existing pumps to pump out sludge as much as possible. Vactor Truck will then pump existing silt and debris.

X 2 HRS = 2,100

After hour Vactor Truck Service is \$300 per hour plus 6.375% Sales tax. Disposal charges are not included in this price.

Payment terms: Net 15
